

Hannah Stetson

My name is Hannah Stetson, I am 16 years old, I'm from Westmoreland, NH, and attend Keene High School as a Junior. Ever since I was little I have participated in horse 4-H and eventually youth 4-H when I was old enough. I have been riding horses since I could walk, and I found my love of the Morgan breed at Meadowair Farm in Walpole, NH. I started showing Morgans and competing in youth contests in 2021, and I was able to compete in the National Youth Contest that year. I had a lot of fun competing and was beyond happy when I won the judging portion of the contest. After being at Nationals, my love for the Morgan grew, and I got my mare Cingate Only

Imagine (Cindy) to compete the following year. I have learned that her little chestnut self loves speed, and has opinions that she wants me to know about. We started our competition journey this summer, and it hasn't been the easiest, but I have been loving the journey of figuring it out with her. Besides showing this summer, I have been working with my AMHA Team Meadowair Minions, and we have been doing many different things, such as painting the box seats for the New England Regional Morgan Horse Show and competing at local youth contests. My sidekick for youth contests is Meadowair Untouchable (Becky), a big bay mare who is new to patterns, and it has been a great learning experience for me to teach her how they work. I put in a lot of effort to qualify for the National Youth Contest because I want to see how my knowledge of the Morgan breed has grown since last year's competition. I am very excited to be competing in the national youth contest again, and I plan to work hard and do my best. Being selected as the outstanding Morgan Youth of the Year would be an honor because it would show how much my knowledge and experience of the Morgan breed has grown.
