

## **AMHA “You Be the Judge” Program**

The American Morgan Horse Association (AMHA) is pleased to introduce a new program designed to be fun and educational for Morgan enthusiasts across the country. “You Be the Judge” is a program open to all ages who are interested in testing out their horse judging skills.

Morgan horse shows are invited to offer this program to their exhibitors and spectators. “Judges” will be responsible for judging between four and six Morgan classes at each show from ringside. Their placings will be compared to the official placings of the show. Scores will be determined for each class and each participant’s total score will be calculated. Top scoring individuals will be recognized by the horse show.

The program and accompanying materials are offered free to horse shows through AMHA. All a horse show committee has to do is appoint a program coordinator, request the materials from AMHA, promote the program and provide awards. This is a simple and fun way to get exhibitors and spectators actively involved in your horse show, and to get more people ringside to watch the excitement unfolding center ring!
