MORGAN HORSE
The Horse That Chooses You.

A Supplement to *The Morgan Horse* February 2012 Mare Issue

THE BROODMARE YEARBOOK, *Class of 2011*

BY STEPHEN KINNEY AND ABBIE TREXLER

The Broodmare Yearbook is an effort to create a hall of fame for Morgan producers.

With this issue of *The Morgan Horse*, the Broodmare Yearbook enters its second year, in which we induct 70 mares (53 were nominated in the February 2011 issue) to the roster. Not surprisingly, 28 of the mares are alumni due to their having both 2010 and 2011 world champion progeny. Happily, 42 mares enter the list for the first time this year.

The “Breed Research” department of this magazine was started as a way of quantifying results on Morgan breeding from databases available to us as the official journal of the Morgan breed. The 2010 sire rating was one such article, based on show results from Morgan Grand National and sanctioned regional shows. Loretta Brown’s writing on color genetics has been an insightful probe into registry statistics on color trends. Brenda Tippin wrote about historic mare lines, tracing the rare maternal lines that harken directly back to the sons of Justin Morgan.

This particular exercise—“The Broodmare Yearbook”—is the result of asking the question, “How can we quantify the records of broodmares and recognize the more productive dams in our breed?”

To answer the question we turned to show results at the world championship level. Records from recognized Morgan shows provide one of the most telling databases available in the breed registry for producing statistical analysis.

Like winning a world championship, we assert that producing a world champion should be considered a prestigious thing. Stallions have many more opportunities to be noted for their

begetting of champions. The Broodmare Yearbook recognizes the mares who are in the business of routinely contributing to our breed at this level.

Some studs sire stallions, others are clearly broodmare sires. You read it here that HVK Bell Flaire and Tedwin Topic are the leading sires of broodmares. If you have mares of this breeding surely it is interesting to see how they have been crossed to produce their top show ring achievers. We feel the same way about evaluating the leading maternal grand sires of top producers. It’s interesting to know what bloodlines drive the all important maternal lines of top producers.

We hope this document is a valuable tool for breeders, something with which they can evaluate their own herds and formulate their future crosses.

Here’s how we set about the project, for the second year now.

THE METHODOLOGY

To begin we made a list of dams of all the World and Reserve World Champions from the 2011 Grand National competition. This gave us a long list of mares who are producing horses competing at the top of our recognized Morgan shows.

But one world titled offspring does not a Blue Hen make.

So we next went further into their progeny lists to determine which of these mares had a record of routinely having offspring excel at our breed’s ultimate testing ground. For inclusion in the Class of 2011 mares had to have had winners of previous world or Grand National titles as well. Not surprisingly, given that we

are dealing with the top producers, many of them had multiple nationally recognized offspring.

In the end, using these criteria, 70 mares qualified for recognition in the 2011 Broodmare Yearbook.

That's how we rolled out the statistics. But broodmares are not statistics, they are remarkable individuals.

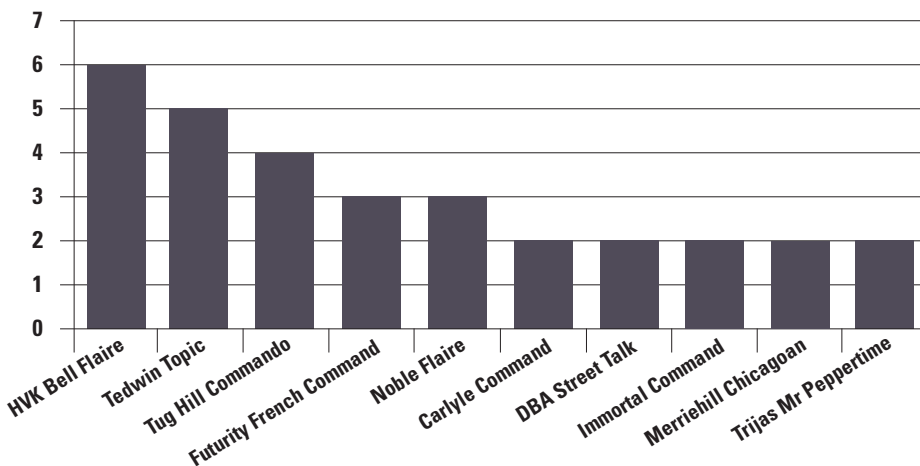

THE MARES AS INDIVIDUALS

This list adores the likes of HVK Obsidian. She's a glorious show mare, a world champion in hand and a world champion under saddle. And now she is an undisputed producer of world champions including another undisputed great Dragonsmeade Icon (by Mizrahi), as well as others. Something similar can be said about HVK Ancient Cry. She is the most titled ladies park harness mare of all time and now come her world champion babies, most recently the animated Leonardo's Cry (by SLB Da Vinci). Erotic Dancer has been the love of owner Dawn Fire. The mare carried Dawn to the Ladies Park Saddle World Championship. Now that mare's son, Optimus Prime, has carried Dawn to the Amateur English Pleasure World Championship. Park Saddle World Champion Schiaparelli was a sensation in the show ring for owner Louise Shane and there is no doubt she is on everyone's list of greatest blue hens in the history of our breed. The point being here, that many glorious show mares are turning into glorious producers as well. The same can be said for siblings GLB Bell Of The Ball and GLB Perfect Harmony; as well as Arboria Satori, Cedar Creek With Bells On, UVM Unity, HVK Madonna, Intrepid Immortal Beloved, HVK Tiz Flaire, Kim's Bellegante, Mirabel's Isabeau, Med-E-Oka French Riviera, More Apples Please, NBN At Your Command, Simple Dreams, Sweet Georgia Brown, and Treble's Unchained Melody, along with others.

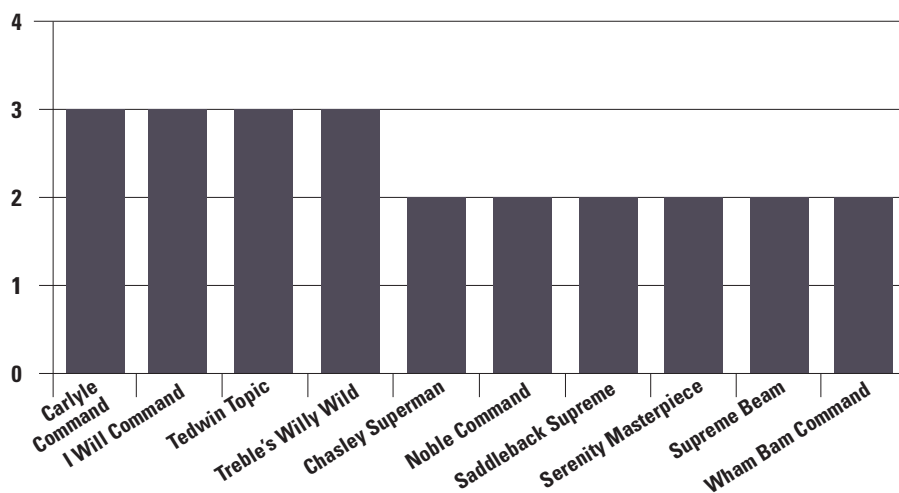

Interesting that three of the above mentioned mares are, in fact, World Champion Mares: UVM Unity, NBN At Your Command and Sweet Georgia Brown.

This list also adores the likes of Buckshee. Buckshee, we are told by her owner, has never worn tack and has just

produced babies. The typey and colorful mare from Canada is on the list for the second year and proof positive that being a stay at home mom is every bit as honorable a career as being a glamorous show horse. Other mares known primarily as career broodmares (being either exclusively stay at home moms or having only scant exposure to the training barn and show ring) include Black Tie Debutante, Bri-B Classicpiece, Century Oak Denali, Cadecus Jocasta, Cy Don's Miss Trophy, DG Morning Glory, Donatella, Gulfwind Dawncommand, Honeytree's Simply Unique, Shadyshadow Satin Jewel, Sigma Gama, SpiceOLife Allura B, Topic Of Conversation, Trade Secrets, Wide Eyed Innocence, and undoubtedly many others.

Using Grand National results assures diversity. It is safe to say the broodmares on this list have produced winners in every division. More Apples Please, herself a seven-time world reining champion, is now producing championship baby reiners. Arboria Satori and Shadyshadow Satin Jewel have blessed the breed with speedsters of the road divisions. Caduceus Jocasta has given us carriage driving winners consistent with her many breedings to sport sire Statesmans Silhouette. Ardun's Ariel, a mare on the list for the second year herself, produced a world champion dressage horse, and the aforementioned Buckshee also produced a world champion dressage horse. Versatile Morgan Finals

champion and English Trail Reserve World Champion Be My Prince William is out of the productive PBO Precious Moment. West Justin's Jewel is the dam of the great carriage horse The Chairman Of The Board, as well as others. The mares are clearly as versatile as the breed itself.

One mare should be mentioned for being a specialist. DG Morning Glory has truly distinguished herself as a producer of Western pleasure mounts. She is the dam of Western Pleasure World Champion Tracemark Touch Of Gold, Western Pleasure World Champion Tracemark Tapestry, and Amateur Western Pleasure World Champion Tracemark Top Shelf. She is a daughter of Tedwin Topic, the second placed sire of top broodmares for the class of 2011 and the top placed broodmare sire for the class of 2010.

THE MARES AS FAMILY

One prefix, namely Herbert V. Kohler's HVK prefix, has put seven mares on this list. Kohler is a mighty program notable for both quality and numbers, but that's a remarkable breeding achievement no matter how you look at it.

Mantic Morgans, first love the late Joan Bowers and her husband Rollie, from the Pacific Northwest, bred three mares that appeared on the list over the last two years. Very notable for a relatively small breeder.

One family, the Fus of Dragonsmeade, own five of the top rated mares. That speaks loudly about their taste in horseflesh and in their smarts for choosing nicks in the breeding shed.

Two mares on this list are half siblings: GLB Bell Of The Ball (by HVK Bell Flaire) and the recently deceased GLB Perfect Harmony (by Futurity French Command). Not surprisingly their dam is another mare who would rank high on anyone's list of blue hen mares, the great World Champion Mare Fletcher Music Lee.

One other mare has two daughters on the list. That is one of the signature daughters of Treble's Willy Wild, MO Justa Wild

Melody. Her daughters HVK Noble Melody and Treble's Unchained Melody are class of 2011 Broodmare Yearbook inductees.

Mothers and daughter are a significant theme on the list: the famous Schiaparelli is on the list as is her daughter Donatella; Century Oak Denali is on the list along with her daughter Aljaks Miss Wham I Am; and World Champion Mare UVM Unity has her daughter Honeytree's Simply Unique on the list.

Particularly interesting is the mare NBN At Your Command. While she made the list twice, two daughters have not...yet! But they speak highly of the productivity of this bloodline. Her daughter So Vain (by Queens Vanity Flair) is the dam of world champion Get Busy (by Astronomicallee); and her daughter, the five-time world titled Love Her Madly (by Astronomicallee), is the dam of world titled CN Timeless Masterpiece (by Serenity Masterpiece).

HVK Heartbeat is both a dam and grand-dam of World Champions. Her own produce include the reigning World Champion Mare Jungle Love, along with Queen's Proud Mary and Queens Loverboy. She is also the dam of the broodmare Queens Hail Mary, who in turn is the dam of 2011 Reserve World Champion Park Saddle Four Year Old, Queens Soul Mate (by Queens Romeo).

Talk about designer genes!

We like to see world titled champions producing top offspring. It doesn't always happen, but when it does it the frosting on the cake, the exception that proves the rule, the holy grail for breeders. On this list of royal producers are several who come from show ring royalty: Honeytree's Simply Unique is out of World Champion Mare UVM Unity; Donatella is out of Park Saddle World Champion Schiaparelli; HVK Ancient Cry's dam, Nobelle, is a Ladies Park Harness World Champion; HVK Heartbeat is out of Tedwin In Tempo, herself a Ladies Park Saddle World Champion; Star Lake Elissa is out of Suzy's Suzette, also a World Champion Mare, and, as mentioned earlier, two daughters of World Champion Mare Fletcher Music Lee are on the list.

Good breeding tells!

THE BROODMARE SIRES

Notable studs added to their allure as sires of producers.

Leading the list is HVK Bell Flaire siring six mares. They are: Cedar Creek With Bells On, Donatella, GLB Bell Of The Ball, HVK Madonna, HVK Obsidian, and Kim's Bellegante.

Second on the list is Tedwin Topic siring five ranking daughters. They are: Carlyle Flying Colors, Cedar Creek Wind Chime, Century Oak Denali, DG Morning Glory, and LCS Simply Sensational.

Tug Hill Commando has four daughters on the list: Cingate Vincent's Song, Gradell's Work Of Art, Gulfwind Dawncommand, and Treble's Unchained Melody.

Two sires had three daughters each. They are:

- Futurity French Command: Cabot Joie De Vivre, GLB Perfect Harmony, and Med-E-Oka French Riviera;
- Noble Flaire: HVK Heartbeat, HVK Tiz Flaire, and HVK Noble Melody;
- Sires of two mares each include: Carlyle Command, DBA Street Talk, Immortal Command, Merriehill Chicagoan, and Trijas Mr Peppertime.

Interestingly, the top two sires of multiple broodmares on the list have swapped places this year, with HVK Bell Flaire siring six mares and Tedwin Topic siring five. Tug Hill Commando tied for third place last year, but this year is a solid third with four mares on the list. Both Futurity French Command and Noble Flaire are new sires to the list in 2012, each siring three mares. Rounding out the top then with two mares each were Carlyle Command, DBA Street Talk, Immortal Command, Merriehill Chicagoan, and Trijas Mr Peppertime (the last three are new to the list).

Four stallions stand out as three-time maternal grandsires of top ranked mares on our list. They are:

- Carlyle Command: Kim's Bellegante, Surprise Party, and Futurity Chicago Whitesox;
- I Will Command: Cedar Creek Wind Chime, Cedar Creek With Bells On, and LCS Simply Sensational;
- Tedwin Topic: Aljaks Miss Wham I Am, Cingate Vincent's Song, and HVK Heartbeat;
- Treble's Willy Wild: Gradell's Work Of Art, HVK Noble Melody, and Treble's Unchained Melody.
- Maternal grandsires of two mares each include: Noble Command, Saddleback Supreme, Serenity Masterpiece, Supreme Beam, Wham Bam Command, and Chasley Superman

Last year, I Will Command topped the charts as the maternal grandsire with the most offspring on the list. This year, he shares his top spot (with three mares each) with three others; Carlyle Command, Tedwin Topic, and Treble's Willy Wild.

Worth mentioning is the fact UVM-bred stallions appear as maternal grandsires four times. They are UVM Flash, UVM Lash (notably a sire and a son), UVM Promise, and UVM Watchman. Applevale-bred maternal grandsires appear four times. They

THE ENVELOPE PLEASE

Once again this year the top producing broodmare comes from the Maine Event Morgans breeding program of George Schott's in Lewiston, Maine. This year his Miss Bluegrass topped the list of producers with seven progeny qualifying her for that position (last year it was the AFF Beulah, but her get did not qualify her with a direct world-title in 2011). In second place is Star Lake Elissa, also owned for much of her breeding career by George Schott, though now in the ownership of David Helmuth. Tying for second spot is the prolific Treble's Unchained Melody, also with six winning offspring to her name. The much-admired HVK Obsidian has a total of five offspring on the list making her the third place broodmare in the land. With four world and Grand National champions to their credit are several mares: Century Oak Denali, Cy Don's Miss Trophy, Gulfwind Dawncommand, Honeytree's Simply Unique, HVK Black Fantasy, Kim's Bellegante, Nobelle, Schiaparelli, SpiceOLife Allura B, and Wide Eyed Innocence.

SUMMING UP

The Broodmare Yearbook is a revelation of the workings of contemporary Morgan bloodlines. Patterns were revealed using the database of results from the Morgan Grand National. These patterns, while they include the names of productive dams and significant sires, will instruct astute students of pedigrees on the blending of our bloodlines. The Broodmare Yearbook shows a cross section of the breed as it exists in the present and as it has been stamped by Morgan horses of the past.

***Congratulations to the mares, their owners and breeders,
who have so indelibly stamped the Morgan show ring.***
