### JOHNSTOWN 12508

Sealect of Windcrest x Valatie

May 16, 1959 — June 16, 1963

*It is with deep regret that we announce the death of our fine young stallion, Johnstown. This was to be his first year in the show ring under saddle and at the Childrens' Services Horse Show at Farmington, Conn., he blazed into the ring with his young enthusiasm and splendid action like banners flying. Acclaimed by those who watched him there, he wore the Morgan Tri-Color from the ring at Classes' end. It was his first show and his last.*

*One month later to the very day he was gone.*

*Hopes pinned high, all the lively expectations of future shows faded.*

*"Brownie" loved the show ring for all his brief life. His flashing legs and sparkling eyes were testimony to his enjoyment. For two years, shown only in harness classes, the blue ribbon fluttered from his bridle many times, always seeming to accentuate our faith in him and the bloodlines which produced him. Under saddle we knew he could go on to even greater fame.*

*Now the valiant heart that once beat so strongly is still. The flashing legs and flying mane are gone. We will miss him down the seasons, this playful horse who always seemed to know when to play and when to work. Johnstown was a very good horse . . . he could have been a great one.*

# Letters to the Editor

Dear Sir:

In recent issues we have noticed the interest and demand for promotion and acceptance of the grade Morgan. We certainly support every move in this direction. These horses are one of the biggest assets the breed has. A page or even a column reserved for them would be a welcome addition to the magazine.

Many folks, like us, just can't afford to buy a purebred but are satisfied with a grade that lacks only in papers and background. The animal we own is the one that counts not its ancestors on both sides back generations on end.

Our half-Morgan mare is an excellent example of the breed in every aspect but color. She is a chestnut and white pinto as her mother was. We

## OUR COVER

Windcrest Play Boy bought by Mrs. Wm. W. Barton, Big Bend Farms, Rockford, Ill., as a yearling from Ted Davis, Windcrest Farms, Windsor, Vt., June, 1959. Play Boy was foaled May 14, 1958, very dark bay. Ted Davis felt as we did that the middle West needed a good Eastern stallion so he saved Play Boy for us. Play Boy has absolutely natural high action and the good Morgan disposition. He is producing some beautiful colts. His winnings are:

1961—6 shows, 14 firsts, 2 grand champions, 2 reserve champions and one Junior Champion.

1962—4 shows, 8 firsts, senior grand champion and grand champion of the show.

1963 — Retired Play Boy for breeding but brought him out for the Mid-Western Charity Horse Show where he won and retired the Squire Skimp Challenge Trophy given for the last 3 years by Hylee Farms of Cambria, Wis.

## The President's Corner

By J. CECIL FERGUSON

When one is President of a large National Organization like the Morgan Horse Club, Inc., problems and misunderstandings are always present and these situations should try to be solved.

To overcome a lot of misunderstandings in Judging and Registering Morgans your club will mail to all its members and Morgan Judges, a small booklet, "The Morgan Horse Showing and Registration Requirements." This booklet explains the rules for Judging and requirements of registering Morgan Horses.

Last week I received a sad telephone call from a youngster asking if she could show her seven year old half-Morgan in a Morgan Class. Naturally the answer is "no." The call brought to my mind the many people I have tried to discourage from breeding unregistered mares to Morgan stallions. The off-spring is good, in fact, too good. One becomes attached to them and loves them, but they are still just a horse. If at the time they bought a Registered Morgan colt or filly foal, they would now have a Morgan they could show, an animal of value. Instead, after all this time, they still have just a horse.

BOB B 5282, foaled in 1905, bred by James Baird, East Burke, Vt.

Another question always present is long feet and weighted shoes versus short feet and regular shoes. Our rules cover long feet and weight but few judges or spectators pay much attention to this. Some horses go high naturally shoes or no shoes. Those that do not are shown with long feet and heavy shoes. The Morgan bends his knees and is not supposed to go like an Arab or a Hunter. The picture on this page, of Bob B, 5285, foaled in 1905, shows an early

**SONNY FIELD 14090**

(Sonfield x Diana Rockwood)

Cy Zwanig, Walla Walla, took his mare Diana over 300 miles to be bred to Sonfield. The resulting colt, Sonny Field, as a yearling was awarded the blue at the big WSU show in a class of 8. Another colt by Montey Vermont was 3rd. (Incidentally Diana's dam, Diana Ro, is one of our broodmares.)

## Beckridge Morgans

In show after show the get of our stallions; Sonfield, Broadwall St. Pat and Montey Vermont are consistently at or near the top. In one recent show 4 of the first 5 in a class of approximately 10 were by them. Again, blood counts.

We still have a good selection of weanling colts and fillies . . . available this fall. Also good young geldings from 2 to 4, available now at very reasonable prices. See them at your earliest convenience . . . mostly at the ranch.

## Girls and Horses

When it comes to using girls in horse work, too many employers think Victorian era and side saddle. It's time for a change. The fairer sex merit a break. If they have a love for and interest in horses, they have the first and most important requisite for success in this rapidly expanding field.

I receive many letters from girls asking about college training and job placement on horse work. Generally these young ladies proudly tell of their love for horses, confide in me that their parents and friends have discouraged them every step of the way, and earnestly solicit help and advice. Here is the story that I've told again and again.

Few colleges offer special training in horses; and those that do are generally somewhat limited from the standpoint of facilities and courses. Although this is disappointing, the important thing is to get a college education. From the standpoint of undergraduate courses, I admonish these equine lovers to major in department of special interest and take such required or elective horse courses as are available; to take the necessary supporting courses in the sciences and the arts; to be good scholars; to become proficient in shorthand and typing; and to obtain rather broad training. Then if they are real top students, I urge that they give serious consideration to completing a Ph. D. or a veterinary degree.

### Jobs For Girls

As a college professor for 25 years, I observed that most pretty girls get married. Thus, I was never concerned about getting jobs for them. Usually there are plenty of professional opportunities but cupid wins out. But this is all the more reason why girls should be encouraged to pursue their interest in horses — just as they should be interested in music and the other arts and in homemaking. Housewives can ride at such times as may suit their convenience

an important consideration. And there is no finer recreation and sport throughout life.

But what are the professional opportunities in horse work for the bachelor girl or for the little wife who wishes to work? Among them are the following:

1. In research and public relations with commercial companies that manufacture and distribute products used in the light horse industry.
2. Veterinarians in private practice with drug manufacturers and with horse establishments.
3. As office managers or head secretaries to executives engaged in agribusinesses.
4. On the staffs of horse magazines and breed registry associations.
5. In college teaching.
6. As riding instructors.
7. In schooling top horses, in which — because of their love for horses, and their light hands — they usually excel.

## Analyzing a Horse Ration

Recently a breeder of registered horses asked for my opinion on the following horse concentrate ration, which he is feeding (along with good alfalfa hay):

	Pounds
Rolled oats .....	1000
Ground corn .....	300
Wheat bran .....	500
Linseed oil meal .....	100
Skimmilk .....	50
Steamed bone meal .....	50
Vitamin D supplement .....	2
Antibiotics (1 1/4 oz.)	

Total 2,002

Beginning with creep feeding and continuing to two years of age, all young stock receive one pound of a good commercial supplement in addition.

The computed analysis on this ration is: protein 12.73%; calcium, 0.85%; phosphorus, 0.88%; and TDN, 70%.

This is a good ration. There's nothing particularly wrong with it except the cost; he's paying \$95.00 per ton for it.

The alfalfa hay will likely increase the protein content of the total ration to a satisfactory level (I would like to see brood mares and stallions get about 14% protein). The calcium-phosphorus ration will shift the added alfalfa hay, which is high in calcium (the nearer it approaches 1:1 the better).

I question feeding skimmilk and antibiotics to mature horses. Older animals do not need very excellent, but too expensive, skimmilk; they can use cheaper oil meal proteins just as well. Antibiotics are fine for suckling foals, but I know of no experimental work indicating their value as a feed for mature horses provided there is no disease problem.

## Anthrax in Horses

I'm frequently asked if horses (and other equines) are more susceptible than other farm animals to tetanus or lockjaw. The answer is yes. However the disease does occur in swine, cattle, sheep and goats; and it is transmissible to man. The greatest incidence of anthrax is in the South, where precautions against it are an essential part of the routine treatment of wounds; but it occurs world-wide.

### Symptoms and Signs

Anthrax is usually associated with a puncture wound. Generally, the incubation period is from one to two weeks, but it may vary from one day to many months. The disease is characterized by a stiffness about the head and neck, slow chewing and weak and awkward swallowing, protruding of the third eyelid over the forward surface of the eyeball (called "haws"), a standing position throughout the sickness, violent spasms or contractions of groups of muscles brought on by the slightest movement or noise, temperature up to 110 degrees F, and contracting of the jaw muscles so intensely that the horse is unable to open its mouth — hence the name lockjaw. If recovery occurs, it takes a month or more. In over half the cases, however, death follows, usually because of sheer exhaustion or paralysis of the vital organs.

### Cause, Prevention and Treatment

The disease is caused by an exceedingly powerful toxin or poison, more than 100 times as toxic as strychnine, liberated by a specific microorganism or germ — the anthrax bacillus. The causative organism is an anaerobe (it lives in the absence of oxygen), which

# Jes' Hossin' Around

By DOROTHY LOCKARD

R. D. 5, Greenville, Pa.

Some kind Canadian soul sent us a Canadian Morgan Club decal. It is very nice and it shall be treasured and saved for the day when we will have a real nice horse trailer to put it on — right alongside The Morgan Horse Club, Inc. decal.

Junior did a bright thing this week. He went swimming, in the river, with his glasses on. Well, he dived in with them on, anyway. He can't hardly find his glasses when he mislays them in the house, so it is no wonder he couldn't find them in the river.

Why he went swimming in this muddy river I don't know. I suspect because the police have recently been sending divers into it, and the divers have been coming up with parts from stolen cars. Not only parts but a whole new stolen Corvair. Maybe Junior got excited thinking he'd find a new car there too. That must be why he forgot to take his glasses off.

Our next door neighbor, Pete, is going to sue our Lucky colt. The horses are in his pasture right now, and Pete left his tractor with his straw hat on it out there. The horses all looked the tractor over carefully, but Lucky couldn't let it go at that. He had to eat Pete's hat, too.

Reminds me of the spring we had the horses in the other adjoining pasture, Leo's. The horses discovered that the maple sap tasted pretty good, and they went from tree to tree emptying buckets. Leo put up better buckets with good tight lids on. Didn't take them long to figure out how to get the lids off. At first this was considered by all concerned as cute. After a while it became a problem and the horses had to be returned to our own pasture.

Had the pleasure of meeting the Ulrich's and trainer Tommy Thompson of Lebanon, Ohio, and seeing their Morgans, and it was a pleasure.

We babysat our granddaughter Denise, recently. I left Junior with her alone for awhile. When I returned, I discovered Denise playing with Junior's watch. Talk about grandparents spoiling the baby!

Guess what? We sold a horse and he is going all the way to California. Isn't that exciting? We think so. We

don't know how or when the horse will be shipped yet. Junior thinks it will go by plane. He figures that is the most exciting way.

Pa is getting a big charge out of this sale, too. He had called up a couple of local fellows to come and look at this good horse. They weren't in any hurry to come and look. When they finally got around to it, Pa said, in an offhand way, "Oh, I'm sorry. You are too late. He is going to a big ranch in California."

And, in case you are wondering if it pays to advertise in The Morgan Horse Magazine classified ads, this horse sale is living proof that it does.

This horse is a big Morgan and he is one good horse. Ordinarily, we go for smaller horses, but a good big horse that is balanced and handy and willing like this fellow, that kind just can't be beat. We will miss him. He is the best trail horse Pa ever rode. He sees everything and is afraid of nothing. As the lead horse in a big trail ride he takes everything in his stride and the other horses follow his good example.

The buyer wrote, "I have bought eleven Morgans, by mail, and every one of them has been better than I expected." Isn't that a grand endorsement of the integrity of Morgan breeders?

For the first time in a long time, we don't have a mare on the place. The "boys" get along much better without a mare around. They don't try to boss each other. There isn't a scratch on one of them. I'm beginning to think the female of the species are the trouble-makers.

The boys share the same small shed in the hot sun, and no one tries to shove anyone else out. The boys all lay down and take a nap in the morning sun, and I mean they go sound asleep. They aren't worried about getting hurt. They lay right next to each other with parts touching. If one gets up first, the others don't rush frantically to their feet. In the pasture the boys get to running sometimes, but it is not a race, and no one cares who wins.

Our old blacksmith buddy was telling us about a horse, a cherry picker. "Why, he'd drown if it rained," he said.

Big Daddy Max, our old weiner dog,

tangled with a ground hog and for once, got into something he couldn't get out of. The ground hog's teeth were stuck in Max in such a way that he couldn't let go, and Max wouldn't let go. So, after midnight, armed with a flashlight and a hoe, I proceeded up to the wheatfield to see what Max's trouble was. Before it was all over they somersaulted down the hill together which let the ground hog release his teeth. By this time, Max, the mighty hunter, was glad to let go. I was mighty glad the battle was over, too. This thrashing around in the dark is not for me.

I've talked about Pa's folks in this column. Now I must give my mother equal time. Mother called, long distance, and talked about five dollars worth. The reason she called? She wanted to know if I intended writing for The Morgan Horse Magazine for three more years. (I was a bit evasive there. How do I know I'll be writing for it next month? Things might get so dull around here I'll have nothing to write about. Then again, I might think something is interesting and you folks won't and I'll be out on my ear. It is also quite possible I'll pop up with some opinions which might not prove to be popular — like I agree 100% with Mrs. Bubar's letter to the editor about promoting the half-Morgan. I also agree with and endorse the New Mexico club's stand on showing Morgans.) So, anyway, Mother really called me because she didn't want to waste (get that Mr. Eusey) her good money on a three year subscription if I wasn't going to be writing in it for three more years. At the same time she hated to spend the fifty cents extra per year that the magazine costs when it is bought one year at a time. I suggested, kiddingly, that she contact Mr. Eusey and maybe he would sell her just the page I write every month. No, she didn't want Mr. Eusey thinking she was an oddball, but that's really all she wanted out of the magazine.

Now, if I can find other writers for the Morgan Horse Magazine who have non-horse mothers, maybe my mother could work out a deal with them and they could split the cost on one subscription and each get the part of the magazine they like best. You see, Mother, I'm trying.

We have had a royal battle with a tiny fast mouse. Dozens of time we had him cornered and somehow he always

# Publisher Visits Rocky Mountain Morgan Horse Club

By OTHO F. EUSEY

On our recent visit to Salt Lake City it was our privilege to visit many of the Rocky Mountain Club members, and see their good Morgans.

We came away convinced all of the good Morgans are not in the East, and that Western hospitality is not over-rated. We regretted we could not stay to visit their All Morgan Show which had over 100 entries and visit with the rest of their members.

Jess Hovey got us off to a good start as he and his son Joe showed us their flashy stallion Funquest Buddy Lee, and several of his 1963 foals. We were especially sorry we could not see his entry in the fine harness class, pulling the flashiest show buggy we have ever seen.

Next we visited Allen Smith, the club president, saw his nice stallion Bingo, and mares with foals. Allen uses his Morgans, and like Ern Pedler enjoys mountain riding. He is doing an excellent job as president, from all reports, and we wish him the best as he promotes Morgans in this area.

Mel Frandsen, who has recently with Bud Higgins purchased Stellar, of Eastern show fame, showed us a nice group of mares with their foals. We

also enjoyed meeting his mother who, though past the three score mark enjoys barrel racing. Her doctor has advised her, because of her age, to switch her hobby to dogs. She assured me she will not follow his advice! Mel was instrumental in starting this club, after enjoying his company for an hour or so it is easy to understand why it got off to such a good start.

We missed Bud Higgins but his wife, Lorraine graciously showed us their Morgans, which were of top quality. We were especially interested in a nice young mare, Beatrice Kedron, by Lippitt Morman, the first of his get we have seen.

Wally Ripple was really on the ball grooming his nice model stallion, El Bucky to perfection when we arrived. He then mounted to show us he could also move under saddle.

Dick Forsythe, the secretary of the show, and one to whom much of the credit for its success should go had two beautiful Morgans in the trailer, loaded and ready to go. He dropped the tail gate and on command either one would back out and model without his entering the trailer. One was trained for cutting and the other for performance classes.

On our way back to Ern's we stopped at the Mosher boys. Fortunately "Classy Boy" their cutting Morgan was just getting ready to cut calves. He had recently won a \$150 purse against a large class of Quarter horses. He is a beautiful model, flashy with good Morgan characteristics. Amos rode him while Leo was mounted on a full sister who is also being trained to cut cattle.

Ern Pedler's stallions are known to many of our readers, they are:

Flying Jubilee, by Flyhawk out of Juveno, a beautiful over 15 hand dark chestnut stallion, more commonly known as "Little Fly." He is one of the top sires of the area.

The Outcast, by Flying Jubilee out of Geny also an over 15 hand stallion and Little Fry; by Flying Jubilee out of Moonbeam.

You will hear more of these stallions and their ability as mountain horses in the September issue.

The Rocky Mountain Club is one of our finest aggressive young clubs. We wish we could have met all of the members. We predict they will be one of the largest and strongest groups in the years to come.

**FLYING JUBILEE 9964**, by Flyhawk out of Juvena, champion stallion owned by Ern Pedler of Big Cottonwood Canyon, Utah.

**STELLAR 10009**, by Mentor out of Naiad, champion stallion owned by Mel Frandsen and Bud Higgins of American Fork, Utah.

# Selling Morgans with Advertising

By LEO BECKLEY

In the first article on this subject (Jan.-Feb. '63) major forms of advertising to sell Morgans were covered generally and summarized with the statement . . . A complete advertising program should include:

1. Classified advertising in one or more newspapers near you.

2. Classified or display advertising in horse or livestock periodicals that cover your state or region and possibly those serving even larger areas.

3. Displaying your horses and talking about them wherever good judgement indicates.

4. A generous use of the Morgan Horse Magazine which will build prestige as well as selling Morgans and stallion service.

Of course a complete program is not necessary to get the desired results in many situations and would only make the cost, time and effort out of proportion to reason. In some cases the medium which has the best chance to get the desired results should be tried first, if that doesn't work another one should be selected.

If classified advertising in one or more newspapers is used it should be remembered, as the saying goes, "There is nothing deader than yesterday's newspaper." In other words practically all responses to a classified advertisement will probably be received within a very few days after the ad has appeared. If no answers are received within this period it is doubtful that there will be any.

It is also believed this situation holds to a lesser extent in the case of general horse periodicals; the vast majority of the readers of such publications will read them once and discard them. Of course a few people might clip such an ad and answer it later, at a more convenient time, but again the percentage will probably be very very small.

As there is a higher concentration of prospects for Morgan advertising among the readers of the Morgan Magazine, because there is extra interest in the contents, and in many cases each item is read over and over, and as the advertising rates are so low in comparison to most media, this article will attempt to enlarge on the use of display advertising in it. Perhaps the following will make it simpler, for people not familiar with making up ads, to prepare better ads much more easily.

The factors involved are shape, size,

copy, arrangement and use of pictures. Advertising rates are quoted for full pages, half page, third, quarters and per column inch. If you start your ad with a layout the following measurements may make it easier. Although the printing ruler is measured in picas, a full page is approximately 7" x 9 1/2". This is very close to the advertising standard that says the ideal ad is in the proportion of 5 by 8 or the other way, 8 by 5. A half page across fits the latter closely too. A half page can also be laid out, 2 columns (4 1/2") by 7" high, to fit the first standard. This shape of half page, seldom used, has a distinct advantage. It dominates a page with a minimum of space. See for yourself. Cut out a piece of paper this size and lay it over a page with all news copy . . . doesn't it appear to be much more? Of course it should only be used when copy and picture desired can be fitted in advantageously.

When a third of a page is called for, again copy and pictures should dictate whether it should be one full column (2 1/4" x 9 1/2"), two columns by 4 3/4" or across the page and 3 1/4" high. A quarter page could be one column, by 7", two columns by 3 1/4" or three columns by 2 1/2".

In preparing both copy and layout it may help to look at a number of different ads to use as a guide. One or more of them could help you to determine just what you want, a certain type of heading, picture or pictures here or there, and the copy you think best. Perhaps there is a tendency to use too much copy regardless of the size of the ad. In some cases detailed copy is called for, in others verbosity only detracts from the key points and attractiveness of the ad.

Is it necessary to say that copy should be truthful? An account of a situation involving a horse of another breed comes to mind. It had been advertised as a winner of many classes. The purchaser from a distant point did not check to see that the winnings were in small shows that didn't mean as much as indicated. Perhaps this was not dishonest copy, but does it fit the old story? "You can fool some of the people some of the time . . ." On the other hand extreme slogans like "The mostest and the bestest" are usually taken with a grain of sand. In any event extreme honesty pays off in the long run.

Remember proper use of pictures, heading, copy and white space aid materially in the attractiveness of any ad. The last stallion issue had many outstanding examples of good advertisements with from very little to good detailed copy. Deeds accomplished and other facts stood out.

Usually it is easier to lay out an ad around the picture or pictures. First mark the size of the ad with a ruler. Draw a line around the space for the picture or pictures where they will stand out the most. Then, write in the heading and signature with lines drawn in to approximately represent each line of copy and where it is to be. If there are several paragraphs or different places for copy, they should be keyed (copy A, B, C, etc.) with the same letters in front of the copy for each segment.

In other words the picture could well be the highlight of the ad. If on one side, it is much better to have the horse face toward the copy rather than away from it. Prints should be the best possible. A poor picture can kill or detract from the value of the copy. A wrong angle may make a horse appear slightly roman-nosed or shallow-bodied or peaked-crouped or something else undesirable. The wrong background may detract. Often backgrounds (especially those taken in shows) cannot be avoided, but can be dimmed to make the horse stand out. Basically, of course, the horse should be well-groomed with mane and tail combed out and if possible photographed with summer coat and good light. The tack, whether halter, bridle or what not should be neat and clean.

The horse should appear balanced and as animated as possible.

Why should these things be taken into consideration when preparing a display ad for the Morgan Horse Magazine or any other publication? Money, time and effort are being used to sell Morgans or stallion service and in many instances to build a reputation so that people will come to you when need what you have to offer. Isn't it just good sense to get as much as you can from that money spent. Attractive ads with good pictures and good factual copy can't help but make a better impression and bring better returns. Incidentally with good ads you help build the prestige of the magazine and the breed too.

If you have a need for advertising but are not now doing any, perhaps the foregoing will make it easier to get started.

## CRABAPPLE VALLEY FARM

presents an **INVENTORY ADJUSTMENT SALE** from the  
**LARGEST REGISTERED MORGAN HERD IN THE WORLD**

Including our new crop of stallion foals we have 53 stallions and geldings. We will keep 10 stallions for breeding purposes and sell 43 stallions and geldings at reduced prices. Because of our large group of mares, we do not have barn space for the entire herd. All of our older stallions previously used for breeding are for sale. They are in excellent condition and guaranteed as breeders. Money will be returned on any animal that is not as advertised.

These Morgans are priced at least **20 per cent** below the regular listed price that has been maintained on our farm for years. Long term credit payments are available.

# First Morgan Field Day In Florida

Camelot Farms of Ft. Lauderdale and Hainlin Mill Farms of Miami presented a well-attended field day at picturesque Camelot Farms, Sunday, the ninth of June. Morgans being a rather new breed to this area, the farm owners felt a field day would help introduce this versatile breed to the most people in the best way. A delicious buffet was served to the crowd before the performance began.

Mr. Tim White opened the program, then Mr. Henry Mangels gave a brief history of the Morgan breed, the uses and adaptability both in the past and now. Mr. White took over the microphone and very capably managed an interesting running narration throughout the following events.

First there was a parade of stallions; Spring Glo, Trophy's Award, Miller's Ben-Del, and R.R. Mr. Pepperman, certainly making an impressive show! Trophy's Award, most ably shown by Paul Saucier and Spring Glo headed by John Diehl, returned to the ring to demonstrate the proper way to present a horse in hand. Both Emmy Mangels and Dick Gray were well-exercised chasing these big-trotting stallions around the ring! After the handsome stallions left the ring, the ladies took over, represented by Camelot's champion model mare, Kane's Spring Delite, the gorgeous mare Donnette of Came-

lot, and Hainlin Mill's airy Trophy's Bracelet. Mr. White enumerated on the different outstanding points of each mare, and how their femininity made them more desirable as brood stock.

Dick Gray gave a very fine pleasure driving exhibition with Eve of Edhobe, the mare with the bodacious trot. This was followed by a demonstration of performance saddle horses by Camelot's champion performance mares, Trophy's Beckie Date, with John Diehl up and Kane's Spring Delite, capably shown by Dick Gray.

Mrs. Mangels, on Robbie Twilight, and Dick Gray on Eve, showed the crowd how Morgan pleasure horses can go, really causing comment when asked to extend their trot. You can imagine the hunter-jumper set when Dick put Eve over two 3'6" jumps, flawlessly — this, from the breed they thought was "just pretty."

After the English pleasure horse left the ring, RR Mr. Pepperman obliged with a demonstration of how handsome a western pleasure horse can be. Win Douma rode him — this was the first western Morgan showing in this area, and will not be the last.

Kane's Spring Delite gave a very fine demonstration of how a performance harness mare should go, driven by John Diehl.

Then the three Trophy horses entered the ring: Trophy's Award, Trophy's Beckie Date and Trophy's Bracelet. These were discussed by Mr. White, pointing out the similarities and differences in the get of one horse. After this came a real crowd-pleaser — the showing of Camelot's mares and foals, as the Morgan pleasure and performance horses of tomorrow.

There was considerable favorable comment on the field day as well as moans that it was over too soon, and a request for it to be a yearly (one asked for it to be a monthly) affair. Many of the audience were amazed at the extreme versatility of this useful breed and the handsome way each horse does its job.

Florida Morgan breeders were there — Mrs. Lucille Kenyon flew down from Daytona, the Roberts were over from the West coast as well as many other horse enthusiasts from the entire state. The press was represented by Mr. Virginia Jorgenson, correspondent for The National Horseman, the Hank Cohen's of the new (and excellent) Florida Horse Journal, and Lois McClellan, correspondent for the above monthly . . . plus Florida's past president of the Florida's Hunter and Jumper Association, Miss Stephanie Zachaar, who is also a noted member of the U. S. Equestrian Team.

Another first for Florida and for Morgans was the Morgan Field Day held at Camelot Farms, Sunday, June 9.

## Ask The Doctor

*This column is added as a personal service to our readers. Send your questions direct to Ruth Rogers, Martin Rd., Akron, N. Y. They will be answered by a competent veterinarian. These doctors give their time and knowledge to help us with our Morgans.*

*Questions answered this month by*  
Dr. Floyd P. Hitchcock, Jr.  
Main Road, Akron, N. Y.

**Question:** I would like information on using a trainer's leg wash or brace. What are the advantages and disadvantages (if any) of such a wash? What is the main purpose in using and proper method of application?

**Answer:** Leg wash is widely used on race and show horses. It probably is not necessary on pleasure horses except where some special condition needs treatment.

If the legs are bruised or there are swellings, if there is inflammation from these or other causes, leg wash can be useful. It is standard procedure mostly on horses over worked or over strained. The proper method of application varies with the individual to be treated and the medication used.

Be careful with the too-energetic use of a product that ordinarily does not blister. Color and skin texture also make a difference. Better talk to your local vet as to how and how often the brace of your choice should be applied and whether or not you should bandage over it. Try to find out what you are working to accomplish.

The wash you mention is very good and widely used. Follow directions carefully.

**Question:** Please discuss splints, their cause and cure. Can a horse with splints be shown in conformation classes?

**Answer:** Splints are bony enlargements situated usually between the splint bone and the cannon bone on the inside of the fore leg. (They seldom occur on the hind leg). Lameness may or may not be present and at any rate, usually disappears in the later stages. The nearer the joint, the more troublesome the splint is likely to be.

Splints are caused by blows or strains. The cure depends on the severity of the injury. Level the foot carefully. Liniments and bandages may be used to take out the soreness.

Rest is the great healer and the horse should most certainly be rested. After the inflammation has subsided stronger counter-irritants may remove or nearly remove the bony growth, which also tends to diminish with just the passage of time.

Splints sometimes appear on a young colt for no reason known to the owner, and disappear without treatment.

A horse with a splint can be shown. When lameness is not present, the splint is regarded as a minor blemish. The animal might be marked down somewhat by a very particular judge but certainly not disqualified.

**Question:** What is the cause of a horse making a whistling sound through its throat, only after drinking water. She doesn't do this after running or any other time except after drinking. She makes this sound when she begins to walk. It only lasts for about three breaths after she has finished drinking, and then only if she starts walking. She tends to arch her neck and pull her chin in.

**Answer:** It is really not possible to diagnose this ailment without a physical examination. There might be foreign matter lodged in her nose or throat, or there might be a growth or other disturbance.

It is best not to guess on something like this. A thorough examination by your veterinarian is the sure way to determine the cause of these symptoms.

**Question:** Do horses have ear mites?

**Answer:** This is possible but not common. Mites that affect large animals are not usually in the ears. If there is another skin problem, mites or ticks might work into this area. Your veterinarian can take a scraping and check it under the microscope.

If the ears are irritated, clean them very carefully with your finger covered with some soft material. If you trim out your horse's ears, be sure that the little bristling hairs do not fall inside.

**Question:** Does anyone really know what the so-called "chestnuts" really are?

**Answer:** The chestnuts and the ergots (the little horny protrusions at the back of the fetlock) are commonly regarded as the remnants of other appendages. They are non-sensitive and your blacksmith will, if you ask him, trim them level and smooth with the rest of the leg.

## Townshend Morgan Host to Sterling Club

By PRISCILLA ROBINSON

On June 13 the newly formed 4-H Horse Club of Sterling, Mass., held a Fitting and Showing Clinic at Townshend Morgan-Holstein Farm, Bolton, Mass. This enthusiastic group of youngsters, parents and interested friends had the wonderful opportunity to learn the fine points of fitting and showing by two of the outstanding experts in this field, Mrs. Anna Ela and her daughter, Nancy. The Elas are well known for their interest and efforts in behalf of 4-H work and many clubs have come to them for clinics and advice on showing, fitting, and trail riding.

After a feeding discussion and a quick tour of the barn, four horses (or I should say our guinea pigs) were led out and cross tied. The children learned how to correctly groom a horse, proper use of the grooming tools, and then the lazy way, the use of the vacuum cleaner. The group then moved to the outside ring where each child was asked to "show" a horse. The children were put through a "dry run" of what to expect in a 4-H Fitting and Showing Class, with special emphasis on what the judge will be looking for and how they can improve their own showmanship. Nancy won over the children with her humorous but honest criticism and needless to say, the last ones to "show" a horse showed an expertness that was noticeably lacking in the beginning.

When the horses were returned to the barn, we were treated to an exhibition of the Elas outstanding stallion, Orland Vigildon. Nancy trotted him out for us and showed him off. Then, at her mother's urging, she fashioned an Indian bridle out of the lead shank and rode him bareback around the ring at a collected canter doing figure eights with flying changes of leads. A truly impressive performance and one that brought many favorable comments from those who are as yet unfamiliar with Morgans. People such as the Elas who have been involved in 4-H work for many years have done the breed a great service by exposing these impressive young people to their Morgans. The Elas generosity with their knowledge, their time and their Morgans is greatly appreciated. The Sterling group is looking forward to the fall when they hope to have another clinic with the Elas on Trail Riding.

# Morgan Horse Takes Sweepstakes In Santa Barbara Trail Ride

By MARJORIE HAMBLBY

The few registered Morgans who have been competing on the North American Trailride Conference circuit in California have all come away with ribbons, but in April at Santa Barbara, Sid Spencer's Lady Jean, No. 010219 (Linnsfield x Mormon's Red Lady) took the sweepstakes as well as the top spot in the Lightweight Division.

Lady Jean and her Morgan breeder-owner and rider made a real team, apparently, because Mrs. Spencer, that gallant little lady-rancher from Arroyo Grande to the north of Santa Barbara, was also awarded the coveted Senior Horsemanship Award.

After 25 miles of rugged work each day for two consecutive days in the Los Padres National Forest, where the Class "A" sanctioned NATRC Ride was held, the judges selected their top prospects and Judge Linda Tellington rode them for a final check on their willingness to "move out" again late Sun-

day. It was obvious to both judges and spectators that Lady Jean was perfectly willing and able to give "that little bit more" for which our Morgans are known. Not only that, she behaved perfectly in the hands of a strange rider, a compliment not only to the breed but particularly to Sid Spencer's training. Both Dr. R. E. Graham, the veterinarian judge and Linda, that tireless gal of the Oklahoma 100-miler with her vast experience with endurance horses, said "There was simply no question as to the winner."

After the awards were made at the Sunday evening banquet at Rancho Oso Fun Ranch, headquarters for the Ride, Sid confessed she really wanted to win this one "for our breed", not just for her personal satisfaction. And she did the job extremely well. Our thanks and congratulations.

Another Morgan mare, Bonnie Maid, owned and ridden by Herb Perrin, of

Santa Barbara, on his first competitive ride, and sold to him by Sid Spencer, took top honors in the Heavyweight Division (rider and tack weighing 190 pounds and over).

The third Morgan on the Santa Barbara Ride was Little Joe Morgan, owned and ridden by spunky Frances Huling, of Sonoma, Calif., took 6th in the Lightweight Division.

We noted another well-known Morgan gelding, Suds, ridden to the Western States Championship in 1962 by owner Maxi (Heimlich) Riggs, being ridden by various pleasure riders held in conjunction with the competition. One of these "part-time" riders was a sixty-nine year young woman, whose agility belied her years. She is the mother of Helen Tupper, one of the fine working committee conducting the Ride, and was along "to do her bit" serving coffee and punching out meal tickets. Guess she just couldn't resist

**SUDS, Morgan gelding owned and ridden by Maxi Riggs of Santa Barbara, Calif., receiving plaque at Cow Palace for winning 1962 Lightweight Division of NATRC. He also won the very handsome Morgan Club High Point Trophy for Competitive Trail Horse and NATRC blanket for Sweepstakes Award.**

Marjorie Hambly, Hesperia Ride Chairman and active MHBEA member, presents MHBEA Trophy to Mrs. Paula Roe, on her mare RAMONA DAWN 010826. High Score Morgan on the Ride and 3rd Place winner in Lightweight Division of the 1963 Hesperia Competitive Ride.

Mrs. H. F. (Sid) Spencer of Arroya Grande, Calif., on her Morgan mare, LADY JEAN 010219, winner of the lightweight division and Sweepstakes winner of the NATRC Class A Competitive Ride, April 1963, at Santa Barbara, Calif.

a "ride in the springtime" on good-looking little Suds! Owner Maxi along with hubby, Woody Riggs, headed up this first NATRC Ride in this area, sponsored by the Santa Barbara Riding Club. The club's president, genial George Collins, made the Ride on his Saddlebred, placing 5th in Heavyweight.

It is noted by this writer (and proud Morgan owner) that a great many Arabians make these rides, which results in a great many good Arabians being the winners. If our Morgan people would do the same, even though we are not so numerous, we feel positive that more and more of these top spots would go to our trail riding Morgans!

For instance, in the Lightweight Division, won by Mrs. Spencer, Arabians took second and third, a Thoroughbred was fourth, a horse of unreported breeding was fifth, and Little Joe Morgan was sixth. In the Heavyweight Division, won by Mr. Perrin, a horse of unreported breeding was second, an Arabian was third, Quarter Horses were in fourth and sixth spots, while fifth went to the previously mentioned Saddlebred. In the Junior Division (where the riders are aged 10 through 17 and weight is not recorded) an Arabian was first, a Saddlebred was second; third, fourth and sixth went to

Arabians, with fifth to a Thoroughbred. No Morgans were entered in the Junior Division, to this writer's knowledge.

The Santa Barbara Ride was the first Class A Ride of 1963 sanctioned by NATRC, the first two, in Hesperia and in Concord, having been Class B, which consists of one day of 25 to 40 miles in 6½ to 7 hours of riding time, plus a mandatory rest stop at noon for detailed judging and veterinarian checking. Point scores are given, based on the classification, records being maintained by NATRC on each horse that completes any NATRC Ride, with annual awards being made each November at San Francisco's famous Cow Palace, during the huge horse show held there each year.

### Hesperia

In an earlier issue, one of our So. California Morgan trailriders, Paula Roe, reported on her experiences in making this first NATRC Ride of 1963 at the end of school's Christmas Vacation, the first weekend after New Year's. Winter daylight being so scarce competitors and officials (I know, for I was Ride Chairman) start out when the winter air is still rather nippy. However, within an hour old Sol makes his presence known and the temperature warms up into the sixties by noon, which really helps horses at the begin-

ning of the competitive season to "take it." We are happy to report that, after 13 consecutive years of conducting a Winter Ride here in Southern California, not once have we had to cancel! (And I don't work for the Chamber of Commerce — just love the fact that we can ride all year long here in Southern California.)

Sweepstakes Winner at Hesperia was the first Registered Quarter Horse to do so since NATRC came into being three years ago. Four purebred Morgans made the Hesperia Ride, Paula Roe's Ramona Dawn, a three year old mare taking third in the Lightweight Division; and Justina Allen, an 11 year old mare owned and ridden by Marjorie Riding, also of Lakeside (near San Diego), taking fourth. Starstone's Delight, Morgan gelding owned and ridden by Miss Bobbie Sosson of San Bernardino in the Junior Division, was awarded 4th place, which Bobbie garnered the top Junior Horsemanship Award for her excellent riding and care of her mount on the trail and in camp. This young gelding placed 4th in the 1962 National NATRC finals with 15-year old Bobbie making only two of the nine NATRC Rides held in California in 1962.

# Kyova Morgan Horse Club

By PAMELA (LEACH) CANNON

Well, we haven't got much news from our club members this month, but the Huntington area did let me know they were still kicking. The Donahoes had a streak of good luck this spring, with both their mares, Tarrla and Tarranne DeBoyd, presenting them with fillies. Both fillies are colored like their dam and make mighty fine looking horses.

Larry Beuhring's grade mare has had a half-Morgan filly by his stallion Tarrmont DeBoyd. It is a very beautiful little chestnut with white markings. Larry has taken Tarrmont to North Dounda to be trained for harness and saddle. In one of the local shows, Tarrmont took a 5th place in a western pleasure class.

Mary Elizabeth Baribeau has shown her gelding, Robert DeBoyd, in three shows and has received two second places in English Pleasure and shown very well in Western pleasure. Also, Mary is our youngest Kyova member in that section, and her horse is only three. She has done all the breaking and training of this horse herself. She has proven herself to be quite the horseman, I mean horsewoman.

The Donahoes have taken two of their mares, Tarrla and Bonnie, to Dale Ulrich's stallion Schollmaster, and can not wait for their return so they can watch their filly grow. Can't blame them a bit!

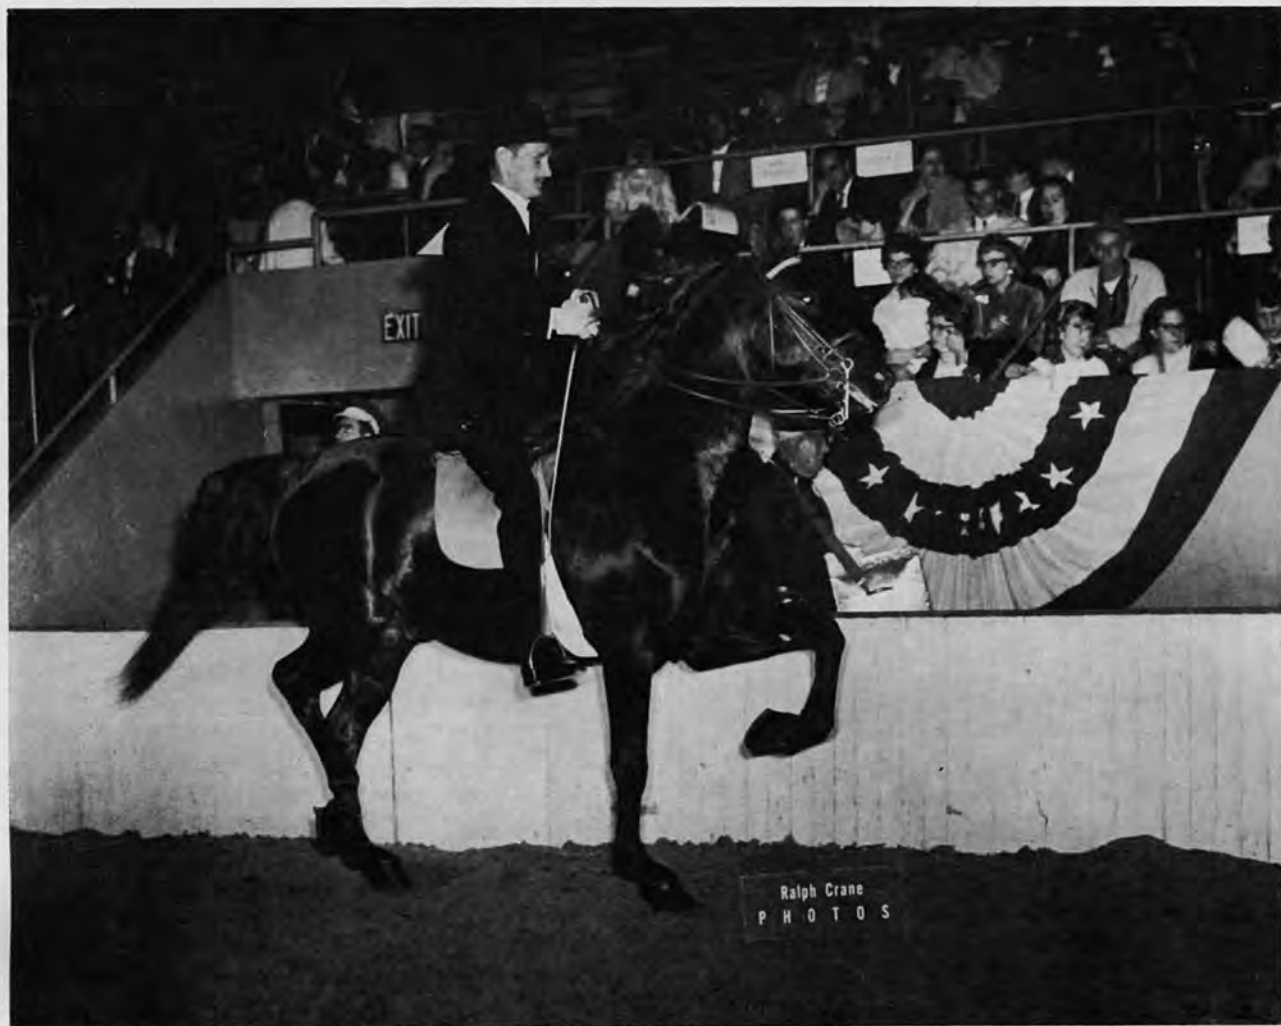

Our own horses are doing fine,

Holly's new colt is quite the cutey and follows her mother all over the place when we take Holly out for a ride. Holly is turning into a very fine driving horse, and has worked very well under saddle this year. She seems more content and ready to work when she has that little colt running at her side.

Our half-Morgan gelding, Holly's Bomarc, went to his first show of the season last Sunday and got first place in Plain Horse Halter and second place in English Pleasure.

Let's keep the news coming in, and let me know how you are all doing in your shows.

## CONNECTICUT

Mr. and Mrs. Virgil Scussell have purchased the filly Bain Ridge Valentine (Townshend Vigalvin x Mountain Meadow Eve). Their 13 year old son, Brad, will be working with this filly and eventually will be showing her at the Connecticut shows.

Tralas Morgan Horse Farm have their filly, Broadwall Spangle (Parade x Broadwall Starlet) with Dr. Bob Orcutt for the 1963 show season. Better known as "Dusty," this filly captured the Open Colt Championship for the C.M.H.A., was reserve to their Bar-T

Feather D in Mares in Hand for 1962.

The home of Mr. and Mrs. William Haveran (Fanfare Farm) is a favorite meeting spot for the officers and directors of the C. M. H. A. Along with making a routine visit to their new barn to see their collection of fine mares, it is a delight to browse in the Fanfare Tack Shop. They will be expecting three foals in 1964 by Ulenodon, Upwey Ben Don and Townshend Vigallect.

Mr. and Mrs. Farley of East Haven have consigned their chestnut filly by Corisor of Upwey x Roxanna to the Green Meadows Weanling Sale. This filly has much potential and the decision that prompted the consignment of such a fine filly was to make room for two foals expected next spring by their stallion Winderest Winfield.

Mr. and Mrs. Bruce MacDonald have Anneigh's Minuet back home after a visit to Orcland Farm and surely will be anxious for their first Ulenodon foal next spring. Their filly, MinDon (Anneigh's Minuet x Orcland Don Darling) made her debut at the Pequot Show placing second in the Open Colt Class.

Dates of the 1963 North Carolina State Championship Horse Show are September 25-28. The show will be held as usual in the Dorton Arena at the State Fair Grounds in Raleigh. Here are the Morgan classes slated for this year: Morgan colts and fillies two years old and under, to be shown in hand; Morgans under saddle; Morgan pleasure, open to stallions, mares and geldings shown under either English or western tack. There will be prize money as well as silver trophies offered in all three classes. Prize lists may be obtained from the show man-

agers, Bill and Bob Dillon, 2702 West Market Street, Greensboro, N. C. Last year there were twenty-two Morgans entered, an excellent turnout for this area, but this year we hope to have many more.

Three 1963 foals by Stanfield are reported from Stanley Dyckes' Laurel Ridge Farm in Waynesville, N. C. Unfortunately the colt out of the registered mare Teacher's Pet was killed in an accident, but the two fillies are promising. One is out of a grade walking horse mare owned by Mr. Dyckes and the other is out of a crossbred walking-Welsh pony mare owned by Miss Dolores Wyatt. This filly has been named Penny Morgan. Teacher's Pet and several grade mares have been bred to Stanfield for 1964 foals.

Dr. Alice McInnis and son, Kirk, of Raleigh are the new owners of the Un-

usually attractive two year old filly Rhythm's Clementine (Clement x Rhythm's Sue Travelmore). Tina is a dark chestnut, looking very like her sire Clement.

# Morgan Breeders And Exhibitors

By EVE OAKLEY

As of June, 1963, M.H.B.E.A. celebrates its second birthday! This birthday meeting is held each year at Del Mar Fair.

We, as a club, are enormously proud of our organization — its past two years' accomplishments have been almost fantastic for such a young organization. We are also exceedingly proud of the rapid and solid growth of our Morgan Division at the Del Mar Fair! This Show is rapidly becoming a goal with West Coast Morgan owners — this year's entries are coming in almost beyond our expectations. We hope to make Del Mar one of the largest Morgan Divisions on the West Coast. This can be accomplished through all Morgan owners help and support, something we are getting and wish to take this opportunity to thank all who have helped make this possible.

With the June, 1963 issue, the M.H.B.E.A. News Letter has a new face! It has a brand new cover — complete with Club insignia, a new name "The Morgan Horse News" — it is now mailed out all dressed up in an envelope

and looking very much like a small magazine. Our following issues are going to contain pictures for advertisers. This small publication has also grown as fast as M.H.B.E.A. and has, through the co-operation of members, Morgan owners and persons interested in the Morgan's future, become a very thriving source of quick local Morgan news and activity, which in turn has developed an abundance of activity throughout California's great Southern Empire. This interest is also spilling over in all directions. In the months to come, our "Morgan Horse News" will be developed to greater extent. This publication is mailed free of charge to all members of the M.H.B.E.A. each month. Two free complimentary copies are mailed to names submitted the Editor as interested future members.

The M.H.B.E.A. has grown in two short years from a small handful of members to approximately 150 members — a proud record of accomplishment. The past two years has seen an unprecedented number of local Shows including a Morgan performance class or

two. This has been accomplished not by just a few people, but by many interested Morgan people.

To M.H.B.E.A. — Happy Birthday and many successful years to come.

Results of local shows at Poway, California, June 9:

**Reg. Morgan Western Pleasure Class:** Won by JUSTINA ALLEN, owned and ridden by Marjorie Riding, Lakeside, Calif.; 2nd, MIJITO, owned and ridden by Mercedes Siciliano, El Cajon, Calif.; 3rd, SHERIFF MORGAN, owned and ridden by Danny Weinberger, National City, Calif.; 4th, DIAMOND STAR, owned and ridden by Frank Bullet.; 5th, RAMONA DAWN, owned and ridden by Paula Roe, Lakeside, Calif.; 6th, HEL' LORETTA, owned and ridden by Dick King, Vista, Calif.

Danny Weinberger on Sheriff Morgan placed sixth in large open Western Pleasure class, under 12 years (had 22 entries). This pair also took a 4th in Open Stock Saddle Seat. This class included older youngsters, adults and professionals. Danny is 11 years old, I believe.

Another young Morgan out for the first time in a show was Commando K. R., ridden by Dick Hazelwood, of Ramona, Calif. Although Commando didn't place, he did very well and better

Morgan Versatility Show, Philadelphia, Pa., Sept. 29, Class A.

N. Y. All Morgan Horse Show, Syracuse, N. Y., Oct. 5-6, Class A.

Pennsylvania National, Harrisburg, Pa., Oct. 19-26, Class A.

## Protective Association Formed

Tucson's horse owners are organizing a horsemen's protective association called "Horsemen's Association of Pima County."

The purpose of the organization is to fight for adequate and fair zoning, sanitation and other facilities. It has come to our attention that people keeping animals in approved areas are receiving increasing objections.

In a world of increasing urbanization, the pressures and restrictions against the horse have mounted. We feel that the horse and horse activities in the West are a way of life upon which our country was founded and expanded. This way of life is being threatened.

The Horsemen's Association of Pima County will promote higher standards for keeping horses and will fight for the rights and privileges of the horse owners in Pima County.

At the recent organizational meeting, the following officers were elected:

President, Lewis Chrisman

V. President, Roscoe Christopher

Secretary, Mrs. Charles Bagley

Treasurer, Dr. R. M. Carter, DVM

Board of Directors, Weldon Opdyke,

Bill Cook, Joe W. Lawrence, Dr. James

A. Cutshaw, M.D., Norman Fenton.

Mrs. Jessie Richmond, Hollis Whalin,

Larry Versteeg, R. H. Reihl, Mrs. Morris E. Stollar.

Publicity Chairman and Ass't. Secretary, Mrs. Donald F. Steele

Membership fees have been set at \$2.00 per family per year. For further information contact Mrs. Charles Bagley, Secretary, 3418 North Kelvin Blvd., Tucson, Arizona.

Nosing around the state and by the grape vine I hear Ramuel Dvorshkis has leased Carl Rott's beautiful stallion, Homeseeker, for this season at a very high tariff — trading his best yearling filly, the one he wouldn't sell at any price. Also up Ramuel's way, it seems he has a corner on the horse colt market, with a near 100 percent from this year's colt crop.

Byron Zimmerman traded his 3 year old stallion, and last year's State Champion, Royal Flick, to Charlie Hamilton for a yearling filly.

George Beckman has just purchased from the Dugan's of Loveland, Colorado, a fine filly colt — he says she has the makings of a future champion. It could be that George has stars in his eyes for Marlo's Colonel Hamtramik, the Dugan's stallion. I too, think he is a very fine stallion, one of the best in the Rocky Mountain Area.

George also sold a yearling stallion to James Lawrence of Rawlins — the young owner is as proud as a peacock, and works with the horse every day.

Dick Morgareidge just gelded a good stallion, Princ — says he can't keep them all and also needs a good horse to train for cutting. He has two very fine stallion prospects from this horse out of his two best mares.

The new decals are really something of which the Canadian Morgan owner can be very proud. They have red lettering around the outside with a map of Canada in the middle surrounded by a blue sea. Across the face of the map prances a brown Morgan — very attractive indeed. Perhaps some of our American neighbors would like to sport these on the trucks, trailers or tack boxes. They are available from Mrs. Thora Bockus, CMHC Treasurer, Foster, Quebec, and are priced at \$2.50 (10") and \$1.00 (4").

## Prairie

From down Manitoba-way comes news of a new filly born to Jel 06354 and sired by R. B. Colonel 10688. The newcomer is a chestnut with a large white mark on the face and is owned by Diane and Ted Clarke, Minnedosa, Manitoba.

Mrs. Kay Mills of DeWinton, Alberta reports a chestnut colt out of their mare Queenletta and by Mills Pride. Their mare Nancy Gates will not foal until January or so, by an Arabian stallion.

The Kilgoran Morgan Farm has a new filly, a bay, out of Rosilyn and by

Travaille. Their mare Faylenne lost a big chestnut colt, also, sired by Travaille, his first purebred colt. The colt proved just to be too big for his own good. However Faylenne is now playing foster mother to a Quarter Horse filly foaled the same day as her own colt, and all are doing well.

Visited the Gordon Turney family of Ponoka and learned that they have sold a yearling filly (Hylee's Glory Be x Kerna Lee) to some people from Prince George, B. C. Glory Be and Tonka of Bo Dot are in fine shape as ever. The Turney's have sold a number of registered half-Morgans of good quality, and are looking forward to both purebred and halfbred foals this spring.

Ardyce Grapentine's Kilgoran Kingswood (K. Fleetwood x K. Melody) is proving himself to be a big boy and is now keeping company with K. Starlenne, (Travaille x Faylenne), a boarder at the Grapentines.

Nancy Beacon and her gelding Hillaway Red Wing are making quite a name for themselves in the Hunter circles. Nancy is just thrilled with his jumping ability and the pair should go far in this field. Nancy's Chasta, the 4

year old gelding, purchased from Dean Jackson as a two year old, has been in training at LeeCole Stables in Edmonton for the past few months and Nancy has hopes for him as a reining horse.

The Mills and the McDonalds have already done a bit of traveling to the Edmonton and Calgary shows. Placings were:

LADY ELIZABETH OF CAMELOT 09701 and her 1 month filly foal (1963) LADY ELAINE, owned by Camelot Farms, Ft. Lauderdale, Florida.

Recognize the TV stars in our feature picture this month? They are Lady Elizabeth of Camelot and her one month old (when the picture was taken) filly by Spring Glo of Camelot. The foal has been named Lady Elaine.

The picture was taken at Camelot Farms, Ft. Lauderdale, Fla., during the filming of a Chevrolet TV commercial which has been featured coast-to-coast. The mare and foal also appear each week on the Bonanza show.

Camelot Farm was recently the scene of the South's first Morgan Field Day which was a gratifying success. So much so that owner Tim White and Manager John Diehl have been asked to repeat it annually.

The foal roster at Camelot was completed early with a count of two fillies (one sold) and three studs. John and Tim are high on the five youngsters they now have that are sired by Spring Glo of Camelot (one from last year) and are anxious to get to the shows with the exceptional foal by Lippitt Mandate from Lippitt Molly Ann Nekomia. John says, "Every move he makes is like a finished show horse."

The Mid-Atlantic spotlight focused on New Jersey for most of the month of June with shows on three weekends at Camden, Readington and New Brunswick.

The virus scare kept entries on the light side at Camden. But the "A" rated Morgan division made up in quality for anything it might have lacked in numbers. Exhibitors were again high in their praise of the classes

offered as well as the beautiful stabling facilities at Garden State Park.

New here this year was a Morgan Pleasure Division culminating in a separate stake. The tricolor went to Roger Etherington's The Third Man shown by Janie Lucine — a pair that had previously won the Morgan Pleasure class, taken second in road hack and in a large open pleasure class for all breeds. Reserve champion pleasure horse was Sandra Wooding's Orcland Linda, the Morgan Road Hack winner.

On the performance side, Waseeka's Nocturne made his first ring appearance of 1963 to win the stallion class and the championship stake. As always, he was shown for Waseeka Farm by John Lydon. Reserve honors went to Three Winds Farm's Dennisfield. Since Mr. and Mrs. Noble were stranded in southern waters with engine trouble on their boat, Dennisfield was ridden to victory in the Ladies' class by Linda Vass and then John Vass took him over to win the gelding class and reserve in the stake.

Orcland Donanna, the mare class winner shown by Mrs. Ruth Orcutt, claimed third in the stake followed by Mike Goebig with Tas-Tee's Indian Summer, Mary DeWitt with Waseeka's Buccaneer, and Dayton Sumner with Daymar's Dark Secret.

At about the same time we heard of some show doings by our more northern members up in New York state. The "Happiness Girls" from Elmira — Ayelien Richards and Polly Dalrymple — dazzled the field at

the Bath show to finish one-two in the stake with Mandate's Peggy Lou and Ranbunctious. Polly reports that "Bunky" was also reserve champion stallion at the New York State Breeders show in Syracuse. At Corning Ayelien was delighted to close out Peggy Lou's current show season with a blue ribbon. The mare has been bred back to Flora Newton's Windcrest Gallant and so will be out of action for the rest of the year. At the same show Polly was particularly delighted to have her three year old gelding, Waseeka's Rendezvous, get into the ribbons in his very first show.

A previous column hinted at a new acquisition for Al and Janie Lucine of Malvern, Pa. An honored spot in the barn now belongs to Fancy Be, the mare they have leased from Mrs. L. S. Greenwalt. Even if you don't remember her thrilling performances in the show ring, you only have to take one look at her to figure she was well worth the rather hectic rush trip that Janie made to Illinois to get her. The Lucines also report a busy breeding season with a number of outside mares visiting their senior stud, Squire Penn (known to some of his admirers as "Billy" Penn).

One of the mares sent to him this year is Mike Brittain's Delight Ashmore who has a striking foal by her side sired by Count Benaida Vona.

A new showcase for Morgans (not yet on the Mid-Atlantic scoring list) was the very pleasant show June 22nd at Readington, N. J. This year only

two Morgan classes were offered — performance and pleasure — but there were a large number of open classes that the Morgans could and did enter to earn points toward a Morgan Versatile championship.

Orcland Linda pretty well dominated the competition for Sandy Wooding, winning three blues, a second and two fifths to emerge not only as Morgan Versatile Champion but also as the show's open English Pleasure Champion as well.

After a tremendous trail class had been worked over the obstacles (outside course) eight were called back in to the ring to work. Three of them, we are proud to report, were Morgans and two of those placed in the ribbons.

Management of the Readington show was well-pleased with the Morgan turnout — particularly the entry in outside classes — and they are interested in expanding the division for next year.

Just over the hill from Readington at Oldwick is Mr. and Mrs. Richard Colgate's Home Farm where you can see a string of top Morgans and two of the cutest foals that anyone has this year.

Both of the youngsters are sired by Colgate's promising young stud, Windcrest Abner (Upwey Ben Don x Abby Gail). From Lapatica there is a very

sharp chestnut stud, beautifully marked with star and strip, that can float at the trot. Windcrest Annfield's foal is a bay with perfect white socks behind and the ideal combination of big eyes and little ears up front.

Also by Abner is a handsome big yearling stud, black like his mother Bald Mt. Black Queen. Completing the line-up of young prospects at Home Farm is a two year old bay filly by Pecos from Little Sister that will impress you with her light and airy way of moving. But don't forget Oldwick Celebrator who technically stepped out of the prospect category with his two good placings at Readington. This is a three year old brown gelding (entirely trained by the Colgate children) that can be expected to go a long way in top flight pleasure classes as he matures.

The same weekend as the Readington Show, a contingent of Mid-Atlantic Morgan lovers by-passed competition to enjoy perfect weather for the club's annual trail ride at Windy Valley Inn, Mehoopany, Pa.

Don't pay any attention to all that cowboy talk you'll hear from Marj and Dayton Sumner. They spent a week between shows in Colorado — "so far back in the mountains that the ranch wrangler hadn't even heard of Morgan

horses." But much as they enjoyed the trail riding and a chance to do some actual cattle herding, they aren't quite ready to give up completely on show type horses.

As if Dr. Frances Schaeffer didn't have enough to do handling her medical practice, working her string of five Morgans, and serving as our Club President, she has recently been elected Chief of Staff for the Allentown Hospital. It is the first time that a woman has held this post and hearty congratulations (which we tender herewith) are in order.

The New Brunswick show attracted strong entries with all classes more than filled with excellent horses. The fun was marred slightly by alternately rainy and torrid weather and by an unfortunate spill that sent Dayton Sumner to the hospital for 24 hours.

The championship stake went to Waseeka's Nocturne, winner of the stallion class. Camelot Farm claimed reserve with Kane's Spring Delight who had topped the in hand class for mares and geldings.

Third went to Stonecroft Farm's Billenda Allen, and Home Farm's Waseeka's Buccaneer over Three Winds

## PENN-OHIO NEWS

By HELENE ZIMMERMAN  
Box 48, Jamestown, Pa.

In the ever-present confusion of producing both this column and a club newsletter each month, there is always doubt about which news has been published where. In looking over our new members for the last two months, I think some of them have been omitted from one publication or the other. Back in May, Richard and Ardath Knight of Tidioute, Pa., became Boosters; if I am not mistaken, they own a mare in foal to Norris's young stallion, Nekomia's Archie N. Another new family to join is the Dr. A. L. Williamson family of Niles, Ohio; they raise Palominos and Aberdeen Angus on their farm and we are hoping to see some Morgans there in the future. The F. G. Schlimms of St. Marys, Pa., have also joined and help to swell our Morgan numbers as they own the mare, Janie Hawk (Roubidoux x Kitty Hawk), and her yearling filly, Katie Troubadour Hawk by Devan Troubadour. And last but not least we welcome Mr. and Mrs. R. C. Hillyer of Jefferson, Ohio; they purchased the Morgan stallion, Black Velvet (Congo x Larna) last year and they could not be more delighted with him.

Foals were reported this month by the Ken Wests of Blairsville, Pa., and the Dr. Bruce Riley family of Farmdale, Ohio. The Wests' stud colt is "a pretty good duplicate of his sire, Trophy's Award" and is out of their nice mare, Bonnie Date. The Rileys' colt is out of their grade pony mare, Charm, and is sired by Foxes' Devan Cap. This is the third foal from this cross and they make really lovely refined large ponies.

We are all proud of one of our newer members, Taffy Sherwood of Fredonia, N. Y. We hear that she really went to town at the N. Y. S. Breeders Show

at Syracuse where she won the Bonnie Pritchard High-Point Junior Rider Award showing her young mare, Snip of Captor (L. U. Colonel x Devan Tess).

They also won the Mare and Gelding In Hand class and the championship in that division and also placed first in the Road Hack and Saddle Seat Equitation and took home several other good ribbons. Congratulations!

The only sale reported this month was by Dot and Dayton Lockard who sold the gelding, Jerrywanna, to a party in California. Dayton led a couple of trail rides on this fellow earlier in the year and says he is tops in that field.

Our latest Inter-County shows with Morgan classes were held on June 15 and 16. We were sorry that only one Morgan showed at Kittanning - Kane's Radiant Lady owned by the John Ambrisco family of Ebensburg - but four showed up at Franklin and made a good-looking class. The results were: 1st, Kane's Radiant Lady, owned and shown by John Ambriscos; 2nd, Coffee Royale, owned by Mrs. R. A. Zimmerman, shown by Helene Zimmerman; 3rd, Oakwood's Adam, owned by the Richard Poux family, shown by Margaret White; 4th, Wilderness Blaze, owned by Helene Zimmerman, shown by Suzanne Muntz. We were asked at the last minute to put on another Morgan Versatility Exhibition at intermission and Joy Hills, with almost no idea of which horses would show, did an excellent job of coordinating and narrating the event. Ambriscos' typy mare was a joy to watch as she worked first under western tack as a reining horse, then later returned to the ring and performed as a three-gaited Morgan. She is a lovely horse and works with real Morgan animation and style and without the weights and whoopee that some exhibitors feel necessary. Dick Poux' pretty little stallion, Oakwood's Adam (by Pecos), was shown in the ring as a Morgan Stallion

In Hand and then returned in harness pulling a heavy rail and looked good doing it! Wilderness Blaze, who has been on "maternity leave" for the past three years, was very well shown by Suzanne Muntz as a Roadster Under Saddle and really turned on to the delight of the crowd. Zimmermans' young Coffee Royale performed as a mannerly but alert English Pleasure horse to round out the program. In the open classes at the show, POMHB member Linda Ohl on her "almost Morgan" mare placed second in the English Pleasure, with Coffee Royale third and Wilderness Blaze fifth.

Don Crooks of Clarion, Pa., has written a couple of really amusing letters about the building of their new home. Don has been using their young stallion, The Replica O, to grade the land around the house preparatory to putting in a lawn. Now that he has completed that job, he has purchased an old horse-drawn mower with which to cut the grass when it finally comes up. The fact that the mower blade has not moved in fifteen years does not discourage him at all! In fact, he is thinking of hiring out to cut hay . . . Through it all, "Rep" is being a perfect gentleman and acting like the real family Morgan that he is.

## Morgan Horses Take Governor To Harvard

By WARREN E. PATRIQUIN

Boston, June 14, 1963 — A flashy pair of spirited Morgan horses hitched to an antique Victorian carriage, transported Gov. Endicott Peabody of Mass. from the State House on Beacon Hill to the Commencement exercises at Harvard University. The two Morgans were Orcland Dondarling and Orcland Gaystar owned by Orcland Farms of West Newbury, Mass.

In the driver's seat was Lyman (General Custer) Orcutt. He was dressed in a (large size) bright red uniform of the National Lancers with wide brimmed hat to match. And if we weren't used to seeing Lyman in civilian clothes we never would have recognized him.

This is the kind of thing that we enjoy seeing our Morgans excell in because it's right up their alley. No other breed of horses could have done the job as well and none would show such style. This trappy pair with their coats glistening in the sun walked and trotted the five mile distance and arrived at Harvard with the Governor as if there were nothing to it.

Just another story of good versatile Morgans.

# North Central News

By DORIS HODGIN  
Route 1, Rogers, Minnesota

The North Central Morgan Association held a board meeting, May 12, at Mr. and Mrs. Richard Bonham's home in Willmar. Following a delicious buffet dinner, the meeting was held. Those attending were Ernie Wood, president; Mona Bonham, vice-president; Robert D. Anderson, Secretary-Treasurer; Doris Hodgin, Publicity Director; and the following board members: Marilyn Hitz and Max Meyers. Don Hasse attended the meeting in place of Marianne Naas and George Budd and Mrs. Merrill were unrepresented. Dick Bonham, chairman of last year's all Morgan Horse Show, gave a report on the show and results.

Allone Potter, chairman of the 1963 trophy committee, explained the new trophies and point system for the year, which will be run off on the ditto by Connie Hodgin, and a copy sent to every paid up member of 1962.

The All-Morgan show tentatively scheduled for September 15 at Willmar will not be held in that town. Instead it will be held in Waconia, Minn., at the fair grounds in that city. Stabling facilities will be available.

## Foal Arrivals

Mr. and Mrs. Richard Bonham report the arrival of two fillies — Sunflower Countess x Colonel

Jarnette and from Mavette Joy x Colonel Jarnette. Francis Dingman's Bonnie Lee's Bennete had a filly by Medo Lane Sokota.

Alvin Hans' mare, R B Joyce had a colt by El-derlande Prince.

Art Dracy's June Marie, a filly by Mor-Ayr Supreme and Talisman, a filly by Mor-Ayr Supreme.

W. F. Honer's report five studs and one filly. Joyce Soboleski reports the arrival of Ethan's Fay Sam (Arc Anne x Fay Ethan) sold to Gerald Cole of Helena, Montana and a filly, She'll Do, out of Suzanne-Archie and by Gay Ethan. Both are bays.

Mr. and Mrs. Art Hodgin report the arrival of two fillies: Debacon's Ooo La La, a chestnut filly given to Connie Hodgin for a graduation present. She is out of Dainty Bridlesweet and sired by King Benn. The other filly, Debacon's Slick Chick, is out of Chipalee Lassie and sired by King Benn. She is also a chestnut.

Mr. and Mrs. Cliff Hitz had the misfortune to lose their foal born to Peggy Sue and sired by Funquest Redizz — due to a blood condition.

Mr. and Mrs. Leighton Fricks reported the purchase of Funquest Colonel Pat (Cornwallis Pat x Funquest Brown Falcon), a two year old chestnut gelding. They have him going nicely on the line and he will be trained by Marilyn Hitz for western riding.

Mr. and Mrs. Byron Gregerson of Minneapolis have purchased a yearling filly Sunflower Dina (Captain Sunflower and Sunflower Daisy) from Cliff Frantsen of Windom, Minnesota.

have never seen or worked with a horse that we would trade her for! She's dependable to ride and great to work with. She's had one good colt and another will be here in August. This colt will be for sale to some good home that is short on cash and long on want of Morgan blood. Inquiries invited.

Hope to see more grade Morgan news and registered grade photos in the excellent Morgan magazine.

DEAR SIR:

So many of the beautiful pictures in your magazine show Morgans as they are used in the East. We in the West use them and equip them in another way, as you know. Here is a picture of my husband John riding our four year old mare, Dotto, No. 010666 on the annual week long trail ride, May 4 to 11 this year. The Rancheros Visitadores (Visiting Ranchers). It is a long hard ride each day, but he said he never had a better ride, and he has been going back each year since 1946. She never tired and walked much faster than most of the horses and her behavior on the tie lines at night was perfect. They are not allowed to ride stallions on this ride. My husband usually rides his "Waer's Red Hornet" (Dotto's sire, picture also enclosed, No. 11057, who also has a superior disposition. The tack on Dotto in the picture has a little story.

The 16 strand rawhide reins and 8 strand headstall were woven by a Spanish Californian named Luis B. Ortega, who is about the only one still making this fine work. He lives near Palo Alto in northern California. The bit is a Santa Barbara bit — an old Spanish design. The tie rope (horse hair) on the saddle is an "antique" once owned (and made for) Judge Drifful — a colorful figure here at the turn of the century. The concho belt on John is an old Navajo one. The jacket or serape is Mexican. They wear some unusual costumes on this ride! They all wear leather name badges you can see in the photo. It tells their camp also.

I thought you might be interested in a real western Morgan when I ride on the ranch chasing cattle the rest of the time. I also ride her mother and full sister — both are as lovable as Dotto.

We enjoy your magazine each time. I save them all and take them to our tack room when we show horses. Our friends love to look through them.

Sincerely,

Ruth Newman  
Ventura, Calif.

Dear Sir:

Three cheers for the NMMHC (Land of Enchantment) and the Code of Ethics they have adopted as reported in your June 1963 issue.

My husband and I agree that every straight thinking Morgan owner, who truly has the good of our breed at heart should get behind a move to adopt this Code of Ethics in every Morgan club in the land. Then each and every owner live by it!

After all why should we foster artificiality when the Morgan's drawing card is their versatility and easy adaptability to any given task?

More power to you and our magazine which is eagerly awaited each month.

Sincerely,

Freda Alecy  
Hartstown, Penna.

Dear Sir:

Since the subject of the grade Morgan has come up, I'd like to add my two cents. For four years I have enjoyed a grade Morgan.

I don't know much about my horse, Bernie's Quest, except that he is mostly Morgan. He is about 15 hands, a mahogany bay and weighs about 1000 lbs. He is stocky and has a beautiful intelligent head.

His neck and tail arch when he wants to show off and he even has quite a bit of high leg action.

A cross with a Quarter horse has made him into a horse with cow sense.

His former owner has used him with a plow and even all types of buggies.

Bernie also jumps and I can ride him either Western or English.

I might sound a bit on the proud side but I am awfully fond of him: I also want others to see how versatile a grade Morgan is.

When I get older I plan to raise half-Morgans. I want to do this because I want to keep to the true Morgan type.

Justin Morgan was a work horse yet

# Buckeye Breeze

By PAULINE ZELLER

LORD ROCHESTER 11792, owned by Wm. McDevitt, Hudson, Ohio.

Buckeye Ridge Farm, Greenwich, Ohio, has a new addition. Their five year old mare, Brucewood Tarbaby, foaled a beautiful dark chestnut (almost black) stud colt. He is sired by the Buckeye Ridge Farm's fine four year old stallion, HyLee's Little Dancer. The little fellow arrived about midnight on June 7, and is now the center of attention as he frisks around the lot. His coming brings to nine the number of registered Morgans at Buckeye Ridge Farm.

A training track was completed last fall at Buckeye Ridge Farm and at present plans for a farm pond are underway and the earth moving for its construction will begin shortly. Mr. and Mrs. Howard Browns and daughter, Marilyn, always welcome visitors at their Buckeye Ridge Farm and they are always glad to show their Morgans.

Congratulations to Mr. and Mrs. George P. Walton as they announce the arrival of a son, George Charles, on June 17, 1963, weighing in at 7 lbs. and 3 oz. The Waltons are the owners of Hidden Acres Horse Farm in Elyria.

This seems to be the month for new arrivals: Whitmorr Farm, Toledo, report the arrival of a very typy stud colt on June 5th to their mare, Music Maid. The sire is Kane's Jon Bar K. This little fellow has four white stockings, a small star on his forehead and is a very bright red chestnut.

Getting some training at Whitmorr Farm is Devan Dimples owned by Mr. and Mrs. Richard Blackburn. Devan Dimples, a seal brown stallion sired by Captain Fillmore, has the best of dispositions with manners to spare.

Claude Morrette III, co-owner of Whitmorr Farm, recently spent several weeks in a Toledo Hospital seriously ill. He is now recuperating at home and is looking forward to being able to

be back in the saddle in time for the Gold Cup Show.

You folks have sure been slow in sending me news this month, so by necessity this article must be short.

Following are show results:

## Richfield — May 18

**Morgan English:** Won by LONGHILL VIGILOR, Ro-Ma Morgan Farm, Wellington; 2nd, LORD ROCHESTER, Wm. McDevitt, Hudson; 3rd, CHICO'S FLAME, Dorothy Chapman, Elyria; 4th, FIDDLE BOW, Jean Rutledge, Copley; 5th, MILLSBORO COMMANDER, Wahl, Cuyahoga Falls.

### LETTERS

I have yet to see a registered Morgan today that can pull a plow. These Morgans today can't do anything but act like a poor man's American Saddle Horse.

Next thing you know the Morgan will have his tail all cut up and broken just to make him hold it higher. Maybe you won't print this letter because I have said these things but I think others have the right to know how I feel.

Yours truly,

(Miss) Gail Goodyear

3134 Old Lake View Rd.

Hamburg, N. Y.

Dear Sir:

I would like to congratulate you and your staff on your magazine and thank you for all the pleasure it has given

me. As Morgans are scarce in my area your excellent photographs are as close as I can get to the real thing. I nearly wear out the pages!

I was especially glad to hear that so many people were interested in Half-Morgans. My own mare, as the story goes, is half Morgan. Although a large horse of Quarter-type when at ease, she is all Morgan when collected. Some day I hope to own a registered Morgan and perhaps raise a few of my own. I think they are tops! I would always like to hear from people interested in Morgans.

Sincerely yours,

Paula Hotchkiss

No new foals of the Morgan breed, in this area, to my knowledge, since last report.

The Muncie Light Horse Show, held June 14-15-16, with four Morgan classes, and all well filled, results are as follows:

**Saturday Afternoon, Reg. Morgan Flat Saddle:** Won by SYLVESTER; 2nd, MAUREEN; 3rd, TIMOTHY GEDDES; 4th, SONNY BOY; 5th, DENNIS GEDDES.

**Saturday night Reg. Morgan Western Pleasure:** Won by SONNY BOY; 2nd, SUZANNA; 3rd, Name of this horse I do not know, but is believed owned by O'Malley; 4th, MAUREEN; 5th, I do not know but believe is one owned by the Centers of Portland.

**Sunday Morning, Model Morgan:** Won by SONNY BOY; 2nd, DENNIS GEDDES; 3rd, SUZANNA; 4th, LADY ESTHER; 5th, SKYLINER.

**Sunday Night, Reg. Morgan Cavalcade Americana:** Won by LAROSE'S ROCKET, owned and driven by E. C. McLain, with Mary McKenna, companion; 2nd, SUZANNA, owned and driven by R. Alexander, driving two wheel cart; 3rd, SKYLINER, owned and driven by Mr. and Mrs. Enos E. Allee; 4th, ZEFFINGTON, owned by Eileen Sullivan, driven by Robert Whitley, Mrs. Sullivan, companion; 5th, SONNY BOY, owned by Henry Fawcett, with Camille Centers, companion, two seat vehicle, colored driver.

Due to injured hand, this is a short report, hope to have more next time.

# Mid-States Morgan News

By DOROTHY COLBURN

2127 W. 108th Pl., Chicago 43, Ill.

New foals still claim priority in our news. Pat Hayward of TapNor Farm, recently moved from South Elgin to Kingston, Ill., reports two more, both chestnut colts, one to Libby Ashmore, sired by the Haywards' young stallion, Caven-Glo Revenue, and the other to Caven-Glo Rebel Gold, sired by Dorian Ashmore.

The Harry Sweets, now living on their new farm at Formoso, Kansas, have a bay colt, born April 28 to their mare, Lady in Lace, and by their young stallion, Beau Fortune "O". The first foal for both these Morgans. Unfortunately the other young mare, Rhythm's Noble Lady, lost her foal, a lovely dark bay filly, at birth. I quote from Mabel's letter: "It looked to be a really good one if — they say 'if' is the biggest word in the language."

The next one cannot be claimed as a Mid-States foal and may be reported elsewhere, but we can't resist mentioning it for it has our member, Norine Osman, threatening to "pop her buttons" with pride. Emerald's Cochise, the good-looking and good-tempered black stallion raised by the Osmans and sold last year to Tamarlei Morgan Horse Farm in Vermont, is the sire of his first foal, a filly, out of Broadmoor's Bonnie, and named Tamarlei's Bittersweet.

Another filly, whose owner is not a member of our club, was reported by Linda Williamson. This is a half-Morgan, by Illawana Ben, out of a pinto mare owned by Judy LaBrash of Galesburg. Linda says the filly is sorrel with white trimmings and a nice dished face and we mention her because we feel that the half-Morgans are highly important to Morgan breeders — their Morgan qualities usually sell their owners and others on the Morgan breed.

Doris Norton reports the sale of the yearling filly, Cinnamon Angel, (Warhawk x Betty de Jarnette) to Mrs. Barbara Jantz of Baraboo, Wis. Doris says "Angel" with her ground-covering stride should make an excellent trail ride mount for Barbara.

The Norton farm is playing host, for a month or so, to two Morgan mares from Big Bend Farms — Big Bend's Cinnamon Velvet and Windcrest First Love. These two are to be kept in shape for the National, while trainer Harry Andre is busy showing some

other Morgans in Utah and Colorado. Doris has been showing Cinnamon Velvet in 3-gaited classes this season and says she has never enjoyed a horse so much. First Love is scheduled to appear in Western classes, so Doris will be hopping from English to Western saddles for a while.

One big piece of news this month concerns the Field Day to be put on by the Mid-States club on September 29 at the Bartons' Big Bend Farms. Everyone in the club will be working his head off to make it a success. The program will start at 1:00 P. M. but hospitality booths will be open all morning and the audience is invited to come early, tour the barns, see the stock and talk with the Morgan people. Mr. Lyman Orcutt will be M. C. for the day and we cordially invite you all to attend. We are sure this will be an informative and highly entertaining day.

In reporting our May meeting we failed to mention one important development. Our juniors got together and took their first steps toward an organization of their own. Nominations for officers were made and there will be an election at a club meeting scheduled for intermission time at the Kane County Show on August 4. The juniors are planning ways to help promote Morgans and are concentrating at present on ways to help with the Field Day. We believe their efforts will be invaluable.

In June three of the Juniors — Bonnie Bohling and Laurie and Lee Matas — plus seniors Nancy Matas and Dorothy Colburn went visiting Morgans in the Chicago Heights area. First we saw the Matas' mare, Duchess with her 1963 foal by Jaunty Justin. Then on to Windy Hill Farm where Jaunty is in training. Bonnie writes: "for anyone who hasn't seen him, it was a trip worth taking." After admiring Jaunty's real old Morgan type, we saw a very lovely two year old mare, Lippitt Glenna, who belongs to Mr. and Mrs. Hugh Currie of Peru, Ill. Then, because when Morgan people get to looking at Morgan horses, they lose all idea of time, we arrived at the home of the Eli Stannards at just about their dinner time. Yes, you're right it didn't bother them at all — they just put the dinner

back in the oven and repaired to the barn to show us their young stallion, Mr. Henry, the mare, Smoky Penny and her 1962 filly by Emeralds Skychief, called Sky Penny — a real doll who bears a distinct resemblance to her sire.

The next day I travelled to Wheaton and had my first look at Shirley Orlando's new 3-gaited Morgan, Piankeshaw Sentinel — a proud looking dark chestnut gelding with nice action, who carries his head and tail as a Morgan should. On the way home I stopped by at the Staehnkens' at Winfield and was persuaded without much trouble to go for a ride in a cart behind Sue C — a dream of a driving horse. With Donna at the reins, she simply floats over those small town streets. Her handsome young son by Dorian Ashmore greeted us impatiently on our return.

Mabel Sweet's letter says that their half-Morgan gelding, Red Oak, and the two pure-bred stallions, Bimbo and Beau, are all learning to work cattle and seem to like it. While in Illinois, Bimbo had become very proficient at barrel racing. Now, on the Kansas farm, he must learn among other things to be a roping horse. Mabel says: "When Harry swings a rope, Bimbo seems to think it is a bat and that there must be a barrel out there somewhere." However, she says, he's learning fast. One occurrence during Bimbo's training is too funny not to share: "Harry roped the first calf off Bimbo's back the other day. The calf was a big one, past weaning age. By the time he hit the end of the rope Bimbo was eating grass and the big bruiser didn't even budge. That steer flopped ends and Bimbo went right on eating." By now, we suspect, Bimbo has learned to back up on the rope.

Secretary Doris Norton sent some comments on recent shows:

"At the Madison, Wisconsin show, the Morgan classes were filled with handsome, well groomed Morgans and showmanship and performance were at a peak. The audience liked us and the show committee liked us and our reward is a possible added class next year. Two newcomers took all of the trophies home! Mr. and Mrs. Vernon Alberts' volatile two-year-old son of Torchfire, 'The Sundancer,' carried off the trophy in the model class. The Alberts, from Baraboo, Wis., are new to the show ring. We suspect they will be back, as well they should. The Sundancer burned up the track with a four cornered action that is hard to beat.

# Morgan Horse Club of Southern California

By CHARLOTTE SCHMIDT

Bobbie Sosson, 15 year old San Bernardino, Calif., a student at Circle Anow Ranch School, receives top Jr. Horsemanship award on her Morgan gelding STARSTONE'S DELIGHT 1230 (winter coat) who placed fourth in the Junior Division on the 1962 Hesperia Winter Competitive Ride.

The Morgan horse here in Southern California is becoming more popular each year, "Thanks" to the owners and breeders of this fine stock. We can all remember when only two or three horses participated in Morgan classes in Open Horse Shows; however, this number has increased on an average of two to three times in the past year. Although Morgan classes in open shows are few and far between, the outlook for the future looks very good. Many local Morgan owners are having their Morgans trained professionally and shown in Open Classes to place first at a great number of our local shows. A well-known example of this is Poco Aljoy, trained by Billy Harris of La Puente, Calif. Another is Monte Graham, trained by Glenn Gimple of La Puente, owned by Walt and Alma Phillips of La Puente, Calif. Poco Aljoy by the way, is owned by Mr. and Mrs. Malcolm McDuffie of Pasadena, Calif. Irish Belle Monte, owned by Barbara Rovira of Crestline, Calif., is another Morgan who is showing "true blue" and so to speak "bringing home the bacon." On June 2 at the Corral #5 Open Horse Show in South Gate, Irish Belle won the High Point Trophy of the day, later that same day she won 1st in English Pleasure (Open) at the Gregory Park Show. Irish Belle also picked up the High Point Trophy of the Day at the Pickwick Show. There are many other Morgans doing a great job to

promote the Morgan breed, the point is this, although the average Morgan owner has neither the money or time to expend on a lot of extensive training, those that do will keep the Morgan breed before the public in more ways than one. To see a Morgan being ridden by a well-known local trainer and winning the class will create a great deal of interest in the Morgan breed. The trainer in turn will benefit by getting more Morgans to train, and that will give the Morgan but one place to go — up.

On March 10th, 1963, Corral #3 included a Reg. Morgan Western Pleasure Class; results were as follows: 1st, Sister Poco, owned and ridden by Charlotte Schmidt of Los Angeles, Calif.; 2nd, Irish Belle Monte, ridden by Shelly Losing and owned by Barbara Rovira of Crestline, Calif.; 3rd, Dapper Dolly ridden by Alice Warne and owned by T. F. Mattern, Whittier; 4th, Starlite Vermont owned and ridden by Barbara Rovira, Crestline; 5th, Anita Joaquin by Doris Aitchison of San Gabriel, Calif.

March 31st brought us another Reg. Morgan Western Pleasure class in the Western Wranglers Open Show. Fourteen Morgans entered with the following results: 1st, Ringo, ridden by Trudy Hall and owned by Tom Borden of Arlington, Calif.; 2nd, Ro-Mac, owned and ridden by Dick Nelsen of San Dimas, Calif.; 3rd, Chief Storme,

owned and ridden by Kay Corder of Norco, Calif.; 4th, Ida Red, owned and ridden by Orval Smith of Arcadia, Calif.; 5th, Sister Poco, owned and ridden by Charlotte Schmidt of L. A. A driving class had also been scheduled but due to lack of entries a Western Morgan Equitation Class was substituted with first place going to Ida Red, Orval Smith of Arcadia; 2nd, Poco Aljoy ridden by Mary McDuffie and owned by Mr. and Mrs. M. McDuffie of Pasadena, Calif.; 3rd, Chief Storme, Kay Corder of Norco; 4th, Sister Poco, Charlotte Schmidt, L. A.; 5th, Ringo, Trudy Hall, rider, owner Tom Borden.

April 27 and 28, the Ridge Riders held their Annual Spring Show which also included a Reg. Morgan Western Pleasure Class, results as follows: 1st, Sister Poco, owned and ridden by Charlotte Schmidt of L. A.; 2nd, Chief Storme, owned and ridden by Kay Corder of Norco; 3rd, Poco Aljoy, ridden by Bill Harris and owned by the McDuffies of Pasadena; 4th, Ida Red, owned and ridden by Orval Smith of Arcadia, Calif.; 5th, Monte Graham, ridden by Glenn Gimple and owned by the Phillips of La Puente, Calif.; 6th, Dapper Dolly, ridden by Alice Warner and owned by T. F. Mattern, Whittier, Calif.

# Northern California Fourth Annual Show And News

By GLORIA JONES  
Box 545, Diablo, Calif.

Show time is here. Excitement and activity abound at our house. This article is being written while surrounded by buggies, saddles, bridles and the smell of leather and saddle soap.

We will attempt to condense the news this month so that we may add the show results immediately after the show this weekend.

Frances Huling of Sonoma and her gelding Little Joe Morgan report a nice win on the N.A.T.R.C. ride at Calistoga on May 29, 30th. The Black Bart Ride sponsored by the Silverado Riders covers 75 miles in two riding days. Soundness scores 50 pts., way of going 35 pts., manners 15 pts. Little Joe won the lightweight division and received the sweepstakes trophy for high point horse. Congratulations!

At a San Jose open show, Allen Cathcart took a first in a large trail class on Brookwood Melanie. His young filly Purissima Dawn, placed fifth in halter. The first four places were taken by two year olds. This was an all breed class with 15 entries.

Bert and Cynthia Stevenson report a foal. A chestnut stud colt (Bert's Norchieff x Maqueen).

Willow Glen reports a new purchase. A black mare Sweet Piayr (Chango x Eye Bright) bred by Geo. Hinckley. She has a bay stud colt at her side, sired by Jody St. Pat.

Marion Butts has a new addition. Mountain Mist (Warhawk x Red Canyon Square). A brown mare, black points, 4 years and a born trotter!

Jim Coulter's Kitty Field (Sonfield x Kitty Joaquin) has been visiting at the Leo Beckley Ranch at Sutherlin, Oregon where she was bred to Broadwall St. Pat.

Jay Bailey's Bonnie Heather (Red Vermont x Heather Angle Field) was also bred to St. Pat at Mount Vernon, Washington.

Fran Kellstrom reports a recent sale of a bay stud colt (Dapper Dan x Pretty Lass) to Mr. and Mrs. Graves, Walnut Creek.

Welcome to new members, Mr. and Mrs. Robert Morgan and family of Gilroy.

Velma Waggoner, Modesto reports a recent purchase. A chestnut filly Olanchee (Saber x Rosalee of Lone Pine).

Mary Alice and Chess Felt are keeping the roads hot to the stable as Sierra Sun suffered a bad abscess and it needed daily nursing.

We were saddened to hear of the death of Earl Ehrke, Los Altos Hills in May. Earl was a Director of our club and he was busy with show plans at the time of his death. He had just realized a long time dream . . . that of having a foal on his property. He just recently purchased a mare with filly foal at her side a month before he died. We will all miss Earl. We send our heartfelt sympathies to his family.

## Northern California Fourth Annual Morgan Horse Show

Under the guiding direction of Co-Chairmen Hank Boyd and Delno Norton, the 4th annual All Morgan Show will be remembered as the biggest and best so far. There were 153 horses entered coming from several different states. In only four short years we have moved from a small, community type show to one of the largest in the area. The improvement of the show, the quality of the horses, the performances of the horses and the quality of the riding is indicative of the great future ahead for our Morgan horses in this area.

A show of this size takes the cooperation of many hard working members. A vote of thanks is due to all those who worked so hard on this show. Especially to Chas. and Jean Sutfin who did such a fine job on the programs, to Jo Norton who handled the desk and to all the members of the show committee. Appreciation must be extended to Chas. and Jeanie Sutfin, Jo Norton and Louise Boyd for their assistance in compiling the results of the show for publicity purposes.

The show committee was composed of:

Judges: Halter, English, Driving, Misc.: Mrs. Roger Ela, Bolton, Mass.

Western, Trail, Misc.: Mr. Kent Weaver, Concord, California.

Co-Chairmen: Delno Norton and Dr. H. P. Boyd.

Ringmaster: Ralph Mohr

Secretary: Jo Norton

Ring Secretaries: Janice Bailey, Celia Koehler, Cynthia Stevenson, Frances Kellstrom, Eleanor Mansker.

Entry Clerks: Jeanie Sutfin, Marion Butts

Veterinarian: Dr. H. P. Boyd  
Ribbons and Trophies: Earl Ehrke, Ralph Mohr, Jeanie Sutfin  
Paddock Steward: Floyd Mansker

## Morgans in the Land of Enchantment

By LORRAYNE C. BYERS  
619 Pueblo Solano N. W.  
Albuquerque, N. M.

**STEELMAN 13169** (Tenpin x Lolita) owned by Betty Callaway,  
Albuquerque, New Mexico.

NMMHC's June meeting, "Just For Fun" Show and Trail Ride was held outside of Santa Fe at the foothills home of the Howard Eberlines. Their new arena is a horseman's delight, very large, well fenced, excellent footing, and surrounded by pinion and cedar . . . truly responsible for at least half the fun involved in our fun show! Lunch was enjoyed indoors, due to a short mountain shower, then a very short meeting and the trail ride to round out a thoroughly enjoyable day. The Eberline Morgans were visited by all in attendance, and very fine stock it is. Both stallions, Stetsa and Aaron Jay, were away in Colorado, however two foals would have kept the spotlight anyway! Dashing about at the sides of their dams, they were delightful to watch. Both fillies are chestnuts, the older a liver chestnut out of a half-Arab mare by Stetsa (his first) and the other, tentatively named Jaylene, an exceptionally high-headed filly out of Red Velvet (by Congo) sired by Aaron Jay (his first also). The other two youngsters are also fillies — the light bay Sherillette, a yearling by Dorset's Fox-fire out of Fruita and the dark chestnut Melody, a two year old by Broad-wall St. Pat out of Red Velvet. These two fireballs put on quite a show for the visitors when Gladys Eberline went into the corral to get them to trot!

The meeting was very short due to the other activities, the main discussion being directed to the forthcoming San-

ta Fe Horse Show. This one is a really big one for the Morgan — an all-breed show of stature, thirteen performance classes plus complete breeding classes are scheduled for us, making it the biggest Morgan show in New Mexico at this time. Having swamped our first show of the season, it is expected that entries at the Santa Fe show will follow suit. In truth, the entries in our shows indicate a strength that belies actuality. In comparison to other parts of the country, we have what might be described as a handfull of Morgans in the southwest — however, every member and owner is represented in both halter and performance classes, and this maximum support has resulted in the illusion that New Mexico is filling up with Morgan horses . . . this doesn't hurt our promotional program one bit, either! Further work on the New Mexico Code of Ethics has been postponed, pending revision. However, in lieu of having it ready for the Santa Fe Show, the judge will be instructed by the Show Committee representing both the Arabian and Morgan Divisions that the pleasure classes are to be judged as such, without exception.

It was with a great deal of regret that we said good-bye to our Roswell members, the Byard Bennett family. The Bennetts, including young Starr Ann and her mare Maribelle, are establishing residence near Ukiah, Calif. NMMHC will certainly miss their enthusiastic support, and our loss is a

very definite gain for northern Calif.

NMMHC's foals this month record a filly to the Everett Reeds' Merry Meade, (Sorry we haven't the sire's name) and another filly to the W. K. Woodards of Albuquerque! She is bay with large, perfect star, and is out of their June Magic by Windcrest Bob B. This has been a filly year — the only colt is a bay out of Brilliant Lady by Billy J Joker to the Circle C Ranch at South-mayd, Texas, and the Foy Crookhams.

At this time of year, many of us manage to keep up with crosscountry riding in addition to schooling in the ring for the shows. As a former Mississippi River flat-lander, the writer cannot help but smile each time the mighty Rio Grande is crossed. Right now it is as dry as the Sahara Desert (and looks just about the same). About the only kind thing that can be noted to its favor is that it is a whale of a place to work a horse . . . after all, how many have a chance to work their Morgans daily in a three-foot sandpile about a half-mile wide?

### REMEMBER

The postmark of December 31, 1963 is the last date on which foals born during the calendar year of 1961 can be registered.

**LINALLEN 11, 07964, Grand Champion Stallion at the First Annual Texas Morgan Horse Show, owned by A. W. Hurlbut. Mrs. Barney presenting ribbon.**

The First Annual Texas Morgan Horse Show was well attended, both by exhibitors and spectators. As a result of the show, the advertising of the club and the enthusiastic promotion of members, several new prospective members and owners have been sighted and the TMHC being what it is, we don't intend to let them go "unattached" or "unhorsed" either.

Those we met at the show included Mrs. Jerry Smith of Sweetwater; Mrs. Barbara D'Areggo and family of Dallas; Mrs. Maier and daughter of Houston; Miss Elsie Everett and parents from Conroe, and Mr. Jany and daughter of Houston.

The meeting, held in connection with the show was well attended. A Fall Playday was decided upon as our next major activity. The Second Annual Texas Morgan Horse Show will be held in April, 1964 — exact date to be set later.

The establishment of an advertisement fund was voted upon and passed. As money is collected, ads will be placed in the breed and western magazines, to promote the club, its activities and the Morgan breed.

A standing note of thanks to Mr. Billy J. Carpenter of Fort Worth for printing and donating the programs and other literature. A vote of thanks to the New Mexico Club for making available some promotional material.

Elected as officers were Mr. A. W. Hurlbut, President; Mr. Max Piper,

Vice President; Mrs. A. W. Hurlbut, Treasurer; Mrs. Foy Crookham, Secretary and Miss Glenda Rae Burson as Asst. Secretary.

Several members and horses made the trip to Albuquerque. Results will probably be reported in the N. M. column. Enough for us to say we consider the Albuquerque show one of the nicest — and we enjoyed visiting with our colleagues to the west.

The only foal reported is a bay colt (sporting a star and a snip) out of Brilliant Lady, by Billy J. Joker, owned by the Circle C Ranch.

The sales news is looking up with the purchase by Mr. and Mrs. Barney of Pearl and of Frosty Princess and colt by Cinnamon King from Mr. and Mrs. Ray Searls of Illinois.

The Hackley family of Friendswood bought Bonnie's Ding Dong and her sorrel colt by Merchant Mariner from Dr. Cary of Houston.

Also the mare, Donna Linsley, to Mr. Ashley D. Rich of Richmond from Dr. Cary.

Mae Dell, Mr. Janish's mare, is being bred to Linallen, Hurlbut's stallion.

Bayou Morgan Farm has moved to a new location in Houston. Their tack room is reported as being very nice.

Recently visited Mr. and Mrs. Baier in Arkansas, Mrs. J. N. McArdle in Gainesville and Dr. Conklin's Nilk-noc Farms in Stigler, Okla. All made nice visiting, and good Morgan viewing.

Not previously mentioned and not considered new members, but welcome as can be Mrs. Pauline McArdle of Gainesville and Buddy Seewald of Amarillo. Being welcomed as new members are Mr. Russell R. Kibbe of Pre-mont, Texas and Mrs. Ollie Mae Dansby of Wichita, Kan.

Results of the First Annual Texas Morgan Horse Show follow:

**Junior Mares:** Won by JUSTA MAXINE, Dr. James E. Cary; 2nd, FOXETTE, Glenda Rae Burson; 3rd, DUSKY'S WHITE STAR, Mark Leach; 4th, DELLA HAWK, Patricia Ann Posey.

**Senior Mares:** Won by FELICIA LEE, Miss Maxine Merchant; 2nd, INDIAN ANN, Miss Maxine Merchant; 3rd, QUEENETTE, Mrs. Foy Crookham; 4th, DORSET'S AUTUMN FLAME, Mrs. A. W. Hurlbut.

**Grand Champion Mare:** JUSTA MAXINE; Reserve, Champion Mare, FELICIA LEE.

**Stallions:** Won by (G.C.S.) LINALLEN, A. W. Hurlbut; 2nd, (also R.C.S.) COLONEL'S PRINCE, James Burson; 3rd, COPPER'S TENPIN, Katie Piper.

**Geldings:** Won by FUNQUEST SHICK, Miss Maxine Merchant; 2nd, CHOCOLATE WHIZ, Foy Jean Crookham.

**Half-Bred Morgans:** Won by LADY HAWK, S. H. Ashe; 2nd, ZATEESE, A. G. Avants; 3rd, CINDY Eloyne Angel.

**English Pleasure:** Won by JUSTA MAXINE; 2nd, INDIAN ANN; 3rd, QUEENETTE (Rider, Diane Hackley).

**Leadline Class:** Won by DORSET'S AUTUMN FLAME rider Lisa Hurlbut; 2nd, QUEENETTE, rider, Charlotte Crookham.

**Stock Saddle Equitation:** Won by INDIAN ANN, rider Randy Cary; 2nd, QUEENETTE, Foy Jean Crookham; 3rd, ALLANA ROCKWOOD, rider Katie Piper; 4th, COPPER'S SNIP, rider Jackie Leach.

**Pleasure Driving:** Won by FELICIA LEE; 2nd, LINALLEN.

**Egg Race:** Won by COPPER'S SNIP; 2nd, ALLANA ROCKWOOD; 3rd, QUEENETTE; 4th, SPARKLE PLENTY; 5th, INDIAN ANN; 6th, DORSET'S AUTUMN FLAME.

**Western Pleasure:** Won by INDIAN ANN; 2nd, JUSTA MAXINE; 3rd, QUEENETTE; 4th, COPPER'S SNIP; 5th, ALLANA ROCKWOOD.

**Reining:** Won by INDIAN ANN; 2nd, SPARKLE PLENTY; 3rd, QUEENETTE.

# New York News

By RUTH ROGERS  
Martin Rd., Akron, N. Y.

New York State's regular summer meeting was held in Moravia on June 23rd with Wally Rodee the genial host. After a delicious family style dinner (all you want and you can't possibly eat it all!) a short business meeting followed.

During the social hour Bill and Aye-lien Richards showed excellent movies of their trip abroad, during which they were able to photograph the Lipizzaners, a privilege not usually permitted to visitors. It is interesting to note that the education of these famous stallions (beyond halter training of course) is not undertaken until they are four years old.

The meeting adjourned on a general note of enthusiasm for our October show. All members ready, willing and able to work on it, please report to President Dunn.

The following foals are kicking up their little heels throughout the state:

Mr. and Mrs. Don Long, Johnstown: chestnut filly by Lord Linsley — Ginger Mildann.

Mr. and Mrs. Al Veronesi, New Berlin: chestnut filly by Beau Sealect — Lynette.

Mr. and Mrs. Douglas Dalrymple, Elmira: bay stud by Waseeka's Nocturne — Sterling Velvet.

Mr. and Mrs. Dean Caccamis, Lima: chestnut filly by Dude S. Sentney — Ledgewood Analect.

Mr. and Mrs. Jerry Kipp, Rome: bay filly by Red Pepper — Little Girl, and chestnut colt trimmed with white by Red Pepper — Georgianna.

The recently-married Nancy and Jerry Kipp bought a trailer and set it on a complete cellar (anything in it, Nancy?) and are living there near their fine new barn. Their house will be built there at some future time. They now have twelve Morgans, one Saddlebred and one Arab. Glad the Kipps don't have to keep them in that trailer, too.

Martha Deming of New Russia reports the sale of her yearling stallion, Bay Mar Twilight, to Mr. Paul Gilchrist's Sunset Stable in Warrensburg.

Lou Freidenstine sold her new filly by Lippitt Field Marshall — Mary J. when the baby was only a few days old. She will go to Mr. and Mrs. Douglas

Matteson of Franklin, N. Y.

Dr. Arthur Brennan of Johnstown has purchased the nine year old gelding, Ledgewood Starfield by Upwey Ben Don — Annfield, from Mr. and Mrs. Couture of Morrisville, Vt. Dr. Brennan's daughter, Ann, will use Starfield both for general riding and as a jumper. This big Morgan has already made a name for himself over the fences.

All your news and your good 5 x 7 or 8 x 10 glossy pictures will be welcomed. And don't forget the New York All-Morgan Show in Syracuse on October 5th and 6th.

Our June business meeting at Francis Slocum State Forest was quite a success. The Marks, Centers, Debra and April Meyers spent a long week end in the 1800 acres of trails and hills and dense woods and people. The Ulerys went up Saturday night. When Fred learned the Meyers girls were there he quickly borrowed bed clothes and volunteered to keep the camp fire going all night if they would feed him and loan him a horse so he could ride the next day with the girls. The Centers are always generous with whatever they have. Thank you girls.

The Barbers, Pete Miller, Henry Fawcett, Cathryn Mast and others joined up Sunday for dinner and business session.

... and remember, if we don't happen to see each other at the shows, drop me a line or two if you have any news items — Give a Gift Subscription and or renew your own Morgan Magazine. The circulation goal has not been reached but, if we continue as we have the last two months, we should achieve our aim by the end of 1963. Let's keep at it, there is still work to be done.

# Morgans In Arizona

By NATALIE C. WEBBER  
3145 N. 52nd St., Phoenix 18, Arizona

Hi! There's not too much news from our part of the country this month but we do have a little show news, trail ride news, and a new-horse-in-the-state information for you.

Just had a fascinating telephone conversation with Reed Nelson. He tells me that he'd just recently gone on a marvelous trail ride with 10 other riders over some of the roughest country you can imagine. They rode 200 miles in a 10-day outing, from Phoenix to Sedona. His lovely Queen's Surprise (Chief Wabaunsee x Souix Queen) was the only Morgan in the group and created a huge amount of interest because she not only had to have her nose out in front all the way but never seemed to tire or slow down. Reed says he took an extra "jaunt" one morning about 4:15 on the Queen and covered 17 miles in three hours flat, over country ranging from 5,000 feet altitude down to 2,000 feet! The group who made the ride are known as the "Pioneers" and the youngest rider was 39 years old, the oldest a very young 78 years. They followed, mostly, an old trail that was made when one of the "Pioneers" hauled freight from Fresno, California to El Paso, Texas many years ago.

Ned Curtis and his daughter, Penny, took both Don-O-Don (Mango x Donna Dee) and Combo of Sundown (Sun-red x Flame of Sundown) to the Crippled Children's Show in Albuquerque and came home with a first for Don-O-Don in the Registered Morgan Gelding any age, class and a 5th for Combo in the same class. Al and Sue Halliwell came home from the same show just as pleased as punch because the young stallion Topside Desert Rogue that they purchased from Peg Nicholds last February won himself a second in the Weanlings and Yearlings, fillies and colts, class. The flashy youngster is by Broadwall Brigadier and out of Jerry Bell and the Halliwells will bring him home to Arizona right after the Western National Morgan Horse Show in Loveland, Colorado.

Herb and Ann Mai have gone on up to Estes Park for the summer and of course have taken the good Rex Allen

The matinee performance brought the blue ribbon award to Mrs. Jerry Henkemeyer, Indpls., and Sylvester for a superb ride in Registered Morgan Flat Saddle at the Muncie, Ind. Charity Horse Show, June 14 through 16th. To watch the entries, 10 in all, thrilled me just like watching a parade led by the American flag with marching music. In came Larosas Rocket owned by C. McClain, Judy Price on Bill Spray's Gay Sue, Peter Miller on Henry Fawcett's Lady Esther, Sonny Boy with Miss Dawn Atlas up, Blythe and Janet Stasons' Timothy Geddes and Dennis Geddes, ridden by Chet Bonham and J. D. Clifton, Skyliner owned and ridden by Enos Alee, Kane's Suzann owned and ridden by Ken Alexander, and Maureen, owned and ridden by Phyllis Barber. Judge Dr. A. B. Plummer placed them Sylvester, Maureen, Timothy Geddes, Sonny Boy and Dennis Geddes.

Evening Reg. Morgan Western Pleasure. Lined up were Henry Fawcett on his Sonny Boy, Miss O'Malley on Duke of Earl, Ken Alexander on Kane's Suzann. Sonny Boy immediately picked up the cue to back, the Duke of Earl faltered a bit, Suzann moved

up to second place when the judges decision was in. Off came Mr. Fawcett's hat, with a loud Yippee, as the announcer read "and 1st place - Sonny Boy." Ken Alexander grinned ear to ear, gave Suzann a quick pat, for it was his best ride since last fall. 4th place Maureen, Phyllis Barber; 5th, Donelda ridden by Jenny Sill, owned by R & C Centers.

What a thrill to watch a young horse perform in the Cavalcade by the name of LaRosa's Rocket, owned by E. C. McClain of Williamsburg, Ind. I'm sure he was first. One report placed 2nd to Suzann, followed by Skyliner, then Zephington, driven by Robt. Whirley, owned by Mrs. Eileen Sullivan, Richmond, Ind. and 5th to Sonny Boy.

Muncie included a halter class. Possible error in sequence and I apologize, 1st, Sonny Boy, Dennis Geddes, Kanes' Suzann, Lady Esther, and Skyliner. Check July Hoosier Equestrian for placings and points awarded, and list of nominations for points.

Five were among the first to respond to the call to nominate in the Morgan Division with the Indiana Saddle Horse Assoc. Claypool Hotel, Indianapolis, Ind. Maureen, Gay Sue, Kanes Suzann, Lippitt Sylvanus — Jack and Elaine Stephenson, Leavenworth, Ind. and Stormy Weather — Bill and Elizabeth Buck, White Pigeon, Mich.

Among the many foals reported is Tina's Cricket. (Pollys Pride x Skyliner) Papa was Indiana's reserve champion Morgan '61 and '62. Jack and Elaine Stephenson wrote that only an hour old and Tina was bounding about with cricket-like energy. The crickets and whippoorwills were making such music that night, they couldn't resist calling her Cricket. Their niece Tina

of Cleveland found Polly at Milford Fox' for them — solved that problem very easily, naming her. It is their first Morgan foal. Congratulations.

From Henry Fawcett. "Around June 1, the beautiful mare Kandy Kane, owned by Charles G. Kline of Three Rivers, Michigan, foaled a beautiful little filly by the handsome stallion Sonny Boy, owned by Henry Fawcett, Elkhart, Indiana.

On June 18, Peter Miller's favorite Ann's High Society, foaled a nice stud colt by Sonny Boy. Both sire and dam are on the Green Acres Morgan Farm owned by Henry Fawcett, Elkhart, Ind. Pete was quite successful with Ann last year, placing her in riding classes at most of the shows in Morgan events. At the 1962 Indiana State Fair in Morgan Western Pleasure he rode her to first place, and in Halter Class for Mares he placed her first for the Blue Ribbon and Trophy. Also, though she

With the horse show season well underway, it is apparent that the Michigan Morgan horse owners are busy setting new records for both the quantity and quality of horses at the local shows.

New to the show ring so far have been Debbie Franklin of Lansing showing Timbar, Gary Sober showing his nice stallion River Bend True Boy, and the Fortners showing their fine mares, Debbie's Debutante and Merry Melody. We hope to keep seeing them at the shows.

Back in the show ring are the Kanes with their young mare Deerfield's Pamela, and their daughters showing Kane's Cover Girl and John Geddes. It's nice to see them showing regularly again. (Results of the first four shows follow the article.)

As of the end of June, plans for the All-Morgan Show to be held on August 4 and 5 were progressing rapidly. Trophies have been selected by the trophy committee consisting of Mrs. Earehart, Mrs. Atchison, Mrs. Darling, and Mrs. Niemi. The June meeting of the Justin Morgan Horse Association was spent discussing further plans.

Michigan Morgans have obtained the first showing of registered horses as a breed at the Fowlerville Fair held annually in Fowlerville, Michigan. We hope to be able to add this show to our High Point show list next year. The five classes to be held in front of the grandstand as a feature attraction are English Performance, English Pleasure, Western Pleasure, Pleasure Driving and Fine Harness. Past entries in the fair have been limited to 4H and open classes, another first for Michigan Morgans!

New members added to the membership list since March are Mr. William E. Arthurs, Livonia; Mr. Wilfred E. Buck, White Pigeon; Mr. Pearl DeShone, Saginaw; Miss Beverly DuShane, St. Clair; Mr. Gerald Gentry, Coldwater; Miss Connie Hayward, Belleville; Mr. Tom Keekan, Detroit; and Mr. Gary L. Sober, Webberville.

Following are the results of the first four Michigan shows:

did not get the benefit of earning points because of not being driven in driving classes and not being shown at five shows during the season, she nevertheless earned fourth place in points for the season. Quite an accomplishment with so much handicap. Another Green Acres Morgan, Sonny Boy, was awarded the 1962 Championship trophy.

(Agazizz x Don Belle Allen) with them. I understand the stallion is well known and well thought of up there.

I've just heard that Bob and Gert Bruns will take Moro Hill Medallion up to the Western National in Loveland. It'll be wonderfully exciting to watch the shiny black Medallion meet the competition that we know will be there.

This reporter just spent a week "up home," just south of Loveland, incidentally, and had a marvelous afternoon at the Mar-Lo Morgan Ranch with Milo and Marge Dugan. They treated me royally and in the true Morgan tradition. The lovely 2 year old filly Coco MarLo, whom I went especially to see just plain won my heart at first sight. I wanted to put her into the little Rambler car I was driving and bring her right on down to Arizona with me. The MarLo Morgans are well worth a trip to see. Their breeding, conformation, manners and training show in every beautiful line of their real Morgan bodies.

My word! This article is supposed to be about Arizona Morgans and people and here I've gone and mentioned Colorado in at least four of these paragraphs. I'll get fired yet. See you all next month.

general meeting of the year which was held at the Zanzibar Restaurant in Duarte, Calif. This meeting started 1963 rolling with a record turnout of fifty-five members and guests. After the reports from the officers and a short business meeting the movie "Modern-Day New England Morgan" was shown and enjoyed by all. Three new members joined the club at this meeting, Mr. and Mrs. Jim Hardie of Los Angeles, Calif., Mr. James Velarde of San Bernardino, Calif., and Mr. Robert Murphy of Burbank, Calif.

Mr. Merle Little of Monrovia, Calif. reported his mare Forever Amber (bred to Kandy King) presented him with a horse colt born on St. Patrick's day (Poco's St. Pat) and the very next day he sold it to the Al McCullochs of Duarte, Calif. Cathy McCulloch is our treasurer. Mr. Little also states he sold Al Tona (Alma Sonfield x Anthony Eden) to James Halferty of Bradbury, Calif. This good mare is in foal to Mr. Al Bells Poco's Ace of Spades (Betty Joaquin x Andy Pershing).

Mr. Orval Smith, President of the Morgan Horse Club reports a nice big colt out of his mare Sparkle Lady by Flight Admiral.

Jackie Williams of Santa Ana, Calif., reports her horse Twinkle Star entered in the Open Hackamore Class at the Tri-City Wranglers Sixteenth Annual Horse Show held at the Orange County Fair Grounds and placed fourth in this class.

I recently spent a few very enjoyable hours on a Sunday afternoon talking to Bob and Lenore Luker. Talking Morgans is my favorite pastime and though the time passed too quickly I did learn that their 10 head of Reg. Morgans will soon be increased to 12. Bonnie is due to foal any time and the sire is Beaujust. Santa Marguerita will foal in a couple of weeks with Benbeau being the proud father. I had a good look at their other stallion Rimbeau, and a beauty he is. A deep rich bay with coal black mane and tail and black points on his legs. I have no words to describe how these people feel about their horses, for each nail that

Orcland's Gay Knight, Big Bend's junior stallion, placed a close second in the model class and went on to make a clean sweep in the performance classes. This three year old has the personality and disposition so desirable to Morgan people and was a terrific crowd pleaser. With Harry Andre at the reins or in the irons — either way — the combination is good.

"At the Milwaukee, Wis., show, a highlight was the retiring of the Squire Skimp Memorial Trophy, offered by HyLee Farms. This trophy was offered in the 'in hand' class to the horse with the most outstanding Morgan conformation, to be won three years in a row by the same horse. Big Bend's senior stallion, Windcrest Playboy, took the trophy for the third straight year, thus retiring it to permanent possession of Big Bend Farms. This occasion marks also the retirement of Playboy from the show ring, enabling him to devote full time to fatherly duties.

"This show season has brought forth a lot of new faces, among them several of our juniors. They were especially felt in the western pleasure class at Milwaukee. Winner in this class was, to paraphrase, a dark horse, Windcrest First Love, with Peggy Barton up. With the class trophy, Peg also won the beautiful Earl MacMichael travelling trophy donated by the former Mid-America club in memory of Mr. Mac who passed away last year. Two other junior exhibitors new to this show were Karen Spodnyak on Big Bend Linfield and Shirley Orlando on Williwaw.

## Milwaukee Show Results

**Morgan 3-Gaited:** Won by JAUNTY JUSTIN, Walt Matas; 2nd, ORCLAND GAY KNIGHT, Harry Andre; 3rd, EMERALD'S SKYCHIEF, Orwin Osman; 4th, BILLY BURKLAND, Bob Behling; 5th, BIG BEND'S CINNAMON VELVET, Doris Norton.

**Morgan Fine Harness:** Won by JAUNTY JUSTIN; 2nd, ORCLAND GAY KNIGHT; 3rd, MORO HILLS PROPHET.

"The Janesville, Wis., show proved to be an endurance test with showers, sizzling temperatures and all the Morgan classes squeezed into Sunday afternoon. The Alberts' stallion, The Sundancer, again won the 'in hand' class — a two year old competing against all ages. Big Bend's bold going Cinnamon Velvet, Doris Norton up, proved to be a good 'mudder' and got better as she went along."

#### Quebec

The Canadian Morgan Club held a regular meeting for Ontario, Quebec and Maritimes Zones on May 11 in Knowlton, Quebec. The meeting was presided over by President Graham Bockus while Mrs. Bockus acted as Secretary. Attending were Mrs. Blance Creelman, Stewiacki, N. C., the Maritime Director, Dale Allen, Gran-

by, Que., the Quebec Director, George Charlton, Manchester, Ont., the Ontario Director. Mr. and Mrs. George Wade made the long trip from Kentville, N. S. while their son Darrel attended from Brampton, Ont. Other Morgan owners and enthusiasts also attended.

A Turkey supper was attended by approximately 60 persons, who, along with a number more persons, enjoyed the movie, "The Morgan Horse in New England."

Mrs. Blance Creelman was a week-end guest at the Colbrook Morgan Farm. On May 12, Mrs. Creelman, the Bockus', and Carolyn Gringas visited the Morgan Farm at Middlebury, Vermont, and on the return trip stopped to see the Morgans owned by Don St. Pierre, Essex Junction, Vt.

On the previous day the group which attended the meeting and some visitors from Vermont, visited with Miles Richard to see his yearling Windy Main Timber, then went on to see the Morgans at the Colbrook Morgan Farm. Dale Allen also showed his mare Jubilee's Aurora which is stabled at Colbrook.

Mr. D'Arcy Lunch has sold his half Morgan gelding Brown Jug to Miss Sara Smith of Montreal and Knowlton.

The stallion Mickey Eldon (Ethan Eldon x Mixie) owned by Erle Martin, St. Basille, arrived in Canada on May

10. It is hoped to see this fine stallion out to the shows this year.

Come on you Canadians, how about some news and photos?

P. S. Prairie News: Travaille, Silver Rockwood x General Ben's Joy), sire for the Kilgoran Morgan Farm, Millet, for many years has left for Saskatchewan in the care of Mr. Angus Foulston, Eyebrow. Mr. Foulston will be standing Travaille for service in good horse country. It is nice to see these Morgans going into new areas to spread the good word.

### Breeders & Exhibitors

luck next time. He was given a special award ribbon.

Paula Roe's mare, Ramona Dawn placed in spite of her three week old son talking to her constantly. Think Paula did a little talking too. Understand this new baby's name is Blackman.

The Norris Shirleys who bought a Morgan colt, Shirley's Copper Baby, last year just purchased a wagon. They are looking forward to driving him when he is old enough.

It seems that one of the members of the No. Calif. Morgan Horse Club, Marion Butts, owns a daughter of the

a trip north later this year and of course would like to see this daughter.

The Dick Kings of Vista, Calif., recently purchased the Morgan mare, Pretty Girl 00755 (Danspar - Ida T. A.)

Barbara King received a birthday present from her husband, Dick, and probably the most treasured one she has ever received — a coming three Morgan filly who answers to the name of Ramona Firefly 011188 (Ramona Warrior - Ramona Redwing). She was raised on the Eagle Ranch, Ramona, Calif., by Mr. Mears.

The Dick Kings also sold their Morgan gelding Ramona Whirlwind 12657 (Wae's Lucky Hawk x Cresta's Kitty Clover) to Richard Carroll, of Richmond, Calif. Incidentally, Dick Carroll is a cousin of member Marge Hazelwood, of Ramona.

Barbara King also visited member Eleanor Hamilton, of Vista, Calif. recently to see her Morgan and passed the news on. Eleanor sold a Tennessee walking Horse to a fellow in San Jose and is now married to him, so the horse is still in the family. What a wonderful way to do business!

Understand one of our new members and Morgan owner, Robert Murphy, of Burbank, Calif., has recently purchased the good black mare, Missy from Mrs. George Kapps, another member. Missy now has a young son, bay and sired by George Kapps good stallion, Orron.

Got a bit of news from Modesto, Calif. — LaVonne Houlton advised her Morgan mare, Gimma 010133 (Dannie Lu-Linn's Black Beauty) presented her with a lovely dark liver chestnut filly, who answers to the name of Viking Vanity. LaVonne really got a double order this time, for she was present at the foaling of her first Morgan foal.

Seems the Double F Ranch, Orange, Calif., have been having their troubles — a virus of some sort which they picked up at Pomona in May, so they have been playing nursemaid to the Morgans.

Frank & Frieda Waer, the Tay Matrons, the Bill Matthews and Marjorie Riding are all planning on attending the All Morgan Show sponsored by the No. Calif. Morgan Horse Club. Hope they bring back some real good news.

Dr. and Mrs. Arthur J. Olson, Rolling Hills Estates, Calif., are welcomed into our ever growing MHBEA family. They recently purchased the nice 3 year old black mare Waer's Jet-Nita (Hedlite's Mickey Waer x Nita-Ro) from the Double F Ranch. They also

own Seven O Carmen 012640, sired by King's River Morgan.

A bit of good news — the only Morgan entered in the Class A NATRC Competitive Ride held Memorial Day weekend at Calistoga in No. Calif. won the Lightweight Division and Sweepstakes. This is the little gelding Marjorie Hambly used for a few months last year, placing 1st on the 1962 Twain Harte Ride. His new owner and rider is Miss Frances Huling, of Sonoma, Calif. Miss Huling has been crippled with both polio and a fused hip and her horses must be specially trained for mounting and dismounting. We think it very wonderful that she has accomplished this win and it speaks well for the adaptability of the Morgan horse. Little Joe Morgan is about 8 years old, once knew lots of circus tricks, has been roped from and raced, now a dependable trail horse.

For information regarding the Morgan Horse Breeders and Exhibitors Assn., contact Eve Oakley, 1301 W. Magnolia Blvd., Burbank, Calif.

### MASSACHUSETTS

Mrs. Mark Buckman, the former Ruth Mercer of Westminster, has purchased the mare Just-A-Sweetheart from Mr. Harry Davis of Windsor, Vt. Apparently Ruth missed her horse too much so decided she would like her back. Sweetheart is in foal to Trilbrook Joel for her 1964 foal. Maybe we'll see Ruth and Sweetheart in the show ring this year after all.

### NEW HAMPSHIRE

Mr. and Mrs. Donald H. Wood, Wood Hill Farm, Alstead, report the purchase of a stallion, Allen B 9519 (Knickerbocker x Sally Ann) from Gladys Wiggett and Sons of Randolph, Vermont. Mr. and Mrs. Wood, Wendy and Donald Jr., also owned the chestnut mare Spar's Donna (Sparbeau x Prima Donna). Spar's Donna was bred this spring to Royalton Sam Ethan, owned by Mr. and Mrs. Robert Searles, Just-A-Mere Farm, Alstead.

The Silva's of Hill Center report that they now have their stallion, King Peter (Peter Mansfield x Kinglet) back from Vergennes, Vermont, where he has spent the last few months at the farm of Jacqueline Phillips. Mrs. Phillips also owns part interest in this stallion and has bred several of her mares to him.

## VERMONT

Mr. and Mrs. Keynith Knapp of Bald Mt. Farm, Arlington report the sale of the chestnut mare, Bald Mt. Sugarplum to Mildred Topping of White Plains, N. Y. Sugar is by UVM Cantor out of Bald Mt. Lisa Ash. She has been bred to Bald Mt. Ira Hawk, thus giving a double line back to Easter Twilight.

Mr. Dana Kelley of the Justine Morgan Horse Farm, Woodstock, has his two year old colt, Royalton Welcome, with Dr. Bob Orcutt for training. This young stallion has been bred to several of Mr. Kelley's mares for their 1964 foals. Royalton Bob Woodstock, Mr. Kelly's pleasure stallion is being shown this year, as well as last, by Dr. Bob Orcutt, and has already added some ribbons to his collection this year. He brought home three blues at the North Shore shows, and in Providence, R. I., he won three blues in pleasure classes, as well as being judged pleasure champion of the show.

Mr. T. C. Bibby of Brattleboro is happy with a stud colt sired by Royalton Ashbrook Darling out of Royalton Linda Ashbrook, whom he purchased from Mr. Kelley last year. Since this little fellow arrived as Major Cooper was making his flight through space in May, he has been appropriately named, Ashbrook's Major Cooper!

Hope to receive your show results as soon as possible after shows. I would appreciate having them typed or legibly printed, as it makes printing much easier.

down the road from the show), Dr. Paul and Julia Steffen, Camille and Rachael Centers, Paul and Shirley Reiss, Bill and Gloria Spray. Mel and Mary Ann Dudley are in St. Albans, Vermont now, and may stay on for the big show.

Indiana is always on hand to welcome and assign stalls at the Bucyrus, Ohio All Morgan Gold Cup. The Centers are leaving the 4th. We plan arriving Friday. We wouldn't want to miss the good show, miss meeting the wonderful people, or their spirited steeds.

## Sweepstakes Winner

(Continued from Page 17)

This was Frances Huling's first competitive ride on her new mount, Little Joe Morgan — guess she had been feeding him extra well — anyway the deep sand in the Mojave River took its toll in the last 2½ miles and Little Joe did not receive an award. Frances got the Trailer Champ Award, however, for her 430 miles — one way — trip!

One other part Morgan, a Quarter cross, owned and ridden by Robert Moore, of Pacoima, Calif., placed 4th in the Heavyweight Division at Hesperia. Other winners included the Arabian who took top spot in Lightweight, a grade Quarter on top in the Junior group, some Thoroughbreds and part Thoroughbreds, grade quarters, one Tennessee Walking Horse in 2nd place in Lightweight, one Appaloosa and one part-Standardbred. Some 70 riders took part in this ride, camping out in mid-winter, horses tied to posts outside, only meals being taken inside. Our hats are off to both horses and riders.

### Concord

The second ride of 1963, a Class B, was held at Concord, just northeast of San Francisco, with good riding weather on old Mt. Diablo. Talk about luck — the following weekend there was a heavy snowfall. The date was mid-March. This reporter was unable to attend, but garnered the names of the winners from management. However, the list of breeds was incompletely reported, which is of most interest to us here. Of my personal knowledge of the owners and their horses, I believe Little Joe Morgan was the only Morgan en-

tered. He placed third in the Light-weight Division, with owner Frances Huling up. Top spot in this division went to Bill Smith on John Rogers' Arabian. In the 18 winners — six in each Division — I noted 5 awards to Arabians, 2 to Quarter Horses, one to a Missouri Fox-Trotting mare (an unusual breed in these parts).

In connection with the Concord Ride, it is interesting to note that Dr. H. P. Boyd, D.V.M. and prominent Morgan breeder of San Rafael, officiated as the required veterinarian judge and garnered tributes from all who worked with him for his quiet efficiency and careful judging. In all these NATRC Rides, it has been noteworthy that the breed preferred by either the Veterinarian judges or the horseman judges has not "colored" their decisions. Off-hand, judges who have served on these rides have included polo players who prefer Thoroughbreds, Quarterhorse breeders, this one Morgan breeder Dr. Boyd, plus myself on the Las Vegas ride last year, Arabian fanciers, and others with no special preference.

#### Future of NATRC

A manual of regulations under the North American Trail Riding Conference is being prepared, which should assist future ride management groups as well as interested riders, to become more familiar with this enjoyable type of competition.

We look forward to the time when so many rides throughout the United States will be sanctioned by NATRC that Division and even State Championship Awards will be made as well as the National Awards now offered.

A great deal of research by competent riders and veterinarians has been done, and is still being done, to make this program much more important than the fine sport it is. Anyone wishing to obtain more information about it and to learn about coming NATRC rides should contact Dr. R. E. Graham, 501 Monument Blvd., Concord, Calif.

### Hossin' Around

(Continued from Page 8)

got away. That mouse was all over the house. He didn't sneak up a drain pipe to go upstairs. No sir, just like a member of the family, he walked right up and down the carpeted stairs. He didn't confine himself to tidbits from one drawer or cupboard, either. He investigated and tasted every blessed thing in the house. We set traps and we set traps to no avail.

The payoff was one evening when I

knocked my best antique lamp over and busted it trying to get him. Picking up all that glass I accidentally found his nest, in a rolled up braided rug sitting in the cradle on top of my Morgan magazines. Guess what he was lining his nest with? Uhuh, Morgan magazines. That did it!

We had tried every kind of bait an ordinary mouse would like. That night Pa baited the traps with fudge and marshmallows, and we had the little fellow in the morning . . . I liked the little guy. He had such good taste.

Mary Ann and Mel Dudley of Muncie, Ind., stopped for a visit. Mel advised us, 'Don't be sentimental about your horses. Put a price on every one of them. Why, if I owned your Archie O's Archie, I'd sell him. I'd sell him if someone offered me \$35,000.00!'

Mel gave the same advice to Ind. club president Jack Marks about his Daredevil stallion. For this bit of confidence in our horses, the Marks' and the Lockards' have each given Mel a part of their stallions — the last third of their tails.

The Dudleys claim I am a bad influence on them. We admire the same type of old horsey antiques. Now, they find themselves stopping at the antique shops, too. They figured they had enough bad habits all ready.

You've heard of PTA's where members weren't allowed to bring up school problems, or even to mention the kids and their teachers. Now, we have a local PTA *with no school!* Consolidation has sent the kids to a new school but this PTA group doesn't care to consolidate themselves with the new school PTA.

Diane, who was chairman of this year's local hospital horse show, informed me that the president of the Hospital Auxiliary, who is married to a lawyer, said that she would throw in free divorce proceedings for her horse show chairman. I got right on the phone to see if this was retroactive for old horse show chairmen. Yep, it is. Since I informed Pa of this, he is behaving better.

Love,  
Ma

### Horses, Horses

(Continued from Page 7)

forms the most hardy spores known. It may be found in certain non-acid soils, horse dung, and sometimes in human excreta. The germ usually causes trouble when it gets into a wound that heals rapidly and closes

over. In the absence of oxygen, it then grows and liberates the toxin which follows up nerve trunks. Upon reaching the spinal cord, the toxin produces the symptoms noted above.

Preventive measures include: reducing the probability of wounds, cleanliness, proper wound treatment, and vaccination with tetanus toxoid in areas where there is a high incidence of the disease. In "hot" areas, all valuable horses should be given the toxoid, which will give an immunity for one to two years. When a horse receives a wound from which tetanus may result, short term immunity can be conferred immediately by the use of tetanus antitoxin; but such treatment is of questionable value once the symptoms of the disease become evident.

Recommended treatment consists in cleaning and dressing all wounds, keeping the animal quiet — preferably in a dark stall away from flies, good nursing and feeding, and the proper drug or drugs administered by a veterinarian.

When an animal dies, it should be destroyed by burning or deep burial. Also, any bedding should be burned, and infected premises should be cleaned thoroughly and disinfected with a 5 per cent lye solution.

### President's Corner

(Continued from Page 5)

Morgan with high natural action. He certainly has average length feet and regular shoes. One thing is certain, long feet shorten the useful life of your horse. If you value your horse, keep a good natural foot under him.

Personally, I would like to see two additional classes at our National Show. One, performance under saddle with horses shown with not over a four inch toe and regular eight nail keg shoes *without pads*. The other class with same requirements in harness. Each of these classes should be \$500.00 classes to attract people and should be held early in the show. This type of class will encourage people to show the Morgan horse as he should be shown and discourage long feet and heavy shoes. In my opinion it's the only way to prove to people that the showy animated horse can win even though he has natural feet. It is encouraging to see the growth in the Pleasure Classes. More Morgans should be entered in trail rides.

Showing Morgans must be popular as we now have 443 entries for our National Show. Most of these are from owners with one or two horses.

**FUNQUEST FARM:** The inheritance of color by horses is sometimes a little bewildering, even to the most learned. Color is controlled by inherited genes and other factors (perhaps genes) which lighten or darken the inherited color. These other factors seem to be independently inherited and, like the color genes, have dominant and recessive characteristics; the lighter shades being the most recessive.

Each foal inherits two color genes, one from each parent. One gene will be recessive and one dominant but either may be transmitted to offspring. The dominant color gene inherited determines the color of the foal. Chestnut is the most recessive of all colors and mating of chestnut to chestnut will produce only chestnut because if any other color gene had been present in either parent that parent would not have been chestnut.

Chestnut color ranges from light golden through red to almost black. The legs of a chestnut are never black but usually lighter at the coronets than the basic color. The mane and tail is usually the basic color or lighter but occasionally may be black or nearly so. Chestnuts with mane and tail darker than the basic color occur more frequently in Morgans than in any other breed.

Bay and brown should be considered genetically together; brown being a darkened shade of bay. Bay is dominant to chestnut and ranges from light sandy shades to dark mahogany with reddish high lights and black points — legs, mane and tail. The brown horse, like the bay, has black points and may be so dark as to be distinguishable from black only by a mealy nose and brown or reddish hair at the elbows, flank and belly.

A black horse is black all over with a black nose and no areas shading to brown. Black has been considered as dominant to bay and brown but for some, not yet definitely determined, reason does not reproduce itself as frequently as would be expected if it were produced by a simple color gene. Black, not frequently but occasionally, results from the mating of a bay and chestnut; probably as a result of other genes or color factors influencing or modifying the basic color genes so as to produce black. This could point to the conclusion that black is really between chestnut and bay in the scale of dominance and appears only when the other color factors which darken the color are inherited in proper combination with a bay gene.

Whether or not the above properly explains the arrival of three black foals at Funquest Farms this spring, we are not sure, but in any case we have three applications to submit for black foals from the mating of chestnuts to bays.
