RULE 9, SECTION 1: STALLION SERVICE REPORTS

1. A STALLION SERVICE REPORT must be filed prior to midnight, January 15 of the following year by the recorded owner or recorded lessee at the time of exposure or use of a registered stallion that was exposed to or whose semen was used to inseminate a registered mare anytime during the preceding twelve (12) consecutive months.
2. A separate STALLION SERVICE REPORT must be filed with the Registry for each registered stallion used for breeding or exposed to a mare.
3. All dates a mare was bred must be listed; in the event of multiple embryos from the same mare, the mare must be listed separately for each embryo.
4. A STALLION SERVICE REPORT must include and distinguish between artificial (transported and non-transported fresh cooled or frozen semen or embryo transfer or ooctye transfer breeding) and natural (hand or pasture breeding) services.
5. In the event that multiple units of frozen semen are sold for more than a single breeding that might extend beyond the current year, a NOTICE OF FROZEN SEMEN TRANSFER must be on file in accordance with Rule 9, Section 6.
6. In the event that frozen semen is used, AMHA will accept the signature of a past recorded owner or recorded lessee of the stallion, the current recorded owner or recorded lessee of the stallion, and/or the owner of the frozen semen as indicated on a NOTICE OF FROZEN SEMEN TRANSFER. In the event that a previously issued signed FROZEN SEMEN CERTIFICATE has been provided to the purchaser, this FROZEN SEMEN CERTIFICATE must be submitted with the STALLION SERVICE REPORT in lieu of the NOTICE OF FROZEN SEMEN TRANSFER.
7. If a stallion is used for breeding at more than one (1) location during a calendar year, a separate Stallion Service Report must be filed for each location.
8. A late fee will be charged if the STALLION SERVICE REPORT is filed after January 15 but before February 15 following the current breeding season, after which an additional late fee will be charged.
